Four Principals For City Schools Named By Board

Nord Is Selected As Principal For Ben Franklin Junior High

MANY BALLOTS CAST AT SESSION

Hartman, Cornelius And McCracken Elected As Elementary Principals

After balloting for two hours and wading through a maze of parliamentary tangles, the New Castle school board elected a principal of the Franklin Junior High school and three elementary principals Wednesday night at the board meeting at the East street building.

Gerald Nord of Bessemer was named principal of the Franklin Junior High school, Joseph A. Hartman of Franklin, John N. Cornelius and Glenn McCracken were named elementary principals. Each of them will handle two schools, the schools being tied together as follows: Highland and McGill, Rose Avenue and Oak street; Thaddeus Stevens and Rose Avenue.

Many ballots were taken before a decision was arrived at. Three ballots were taken on the election of a junior high school principal and nine on the elementary schools.

Acting President Griff Thomas declared the meeting open and asked if the directors wanted to ballot for all the recommendations of Superintendent Frank L. Burton or take them up one at a time. Mr. Burton had recommended the election of Gerald Nord for Franklin Junior High school, and the following three for elementary schools, Glenn McCracken, John N. Cornelius, Fred McLaughlin.

The board decided to take up the posts separately and Director A. C. Hyde said, "I cannot go along on a group election as I can not support Mr. Nord for election. It seems to me the people of New Castle want local people elected to posts in the schools. I will not vote for an out-of-town man to fill the Ben Franklin post. Nord is a fine man and qualified but I am opposed to bringing out-of-town men into the system." Mr. Thomas said he could not support Nord for the same reason.

Mr. Woolcock said, "I think we

PA NEW OBSERVES

People do get confused—even buyers of war bonds and stamps. Only last week clerks at the post office said it happened again: "A patron came to the window and I asked about the denomination. He said 'Methodist.' Another chap came up earlier and said he was a Republican. Told his error, he quickly corrected himself: 'Oh, Baptist.'"

Chivalry, Pa. News learned today, is not quite dead in the heart of the average male. The eye-opener was the help a tottering old lady received as she tried to cross East Washington street at the busy Croton intersection. After several false starts a man noticed her timidity, and although he was obviously in a hurry, he stopped and helped the old woman across the street before he went on downtown.

Congratulations to Mayor Charles B. Mayne. They are in order because today is his 71st birthday. He was born in 1871. His honor is very active for being one year past the three score and ten.

British Forces Make Advance In Desert

By GEORGE LAIT
(U. S. Staff Correspondent)

WITH THE BRITISH EIGHTH ARMY WEST OF EL ALAMEIN, July 16.—British desert forces scored a new advance against the Axis today by securing positions along the western end of the ridge south of El Alamein.

The Germans and the Italians made a small gain in their persistent attacks against Tel El Eisa (the hill

of Jesus) and partially established themselves there but the defending forces continued to hold the high ground in the area.

After the imperial units under command of Gen. Sir Claude Auchinleck secured their objectives on the ridge south of El Alamein the Axis forces counter-attacked but their attempts to drive the British out were futile.

General Field Marshal Erwin Rommel's assaults were repulsed, the British command announced. Although Rommel succeeded in gaining a foothold on Tel El Eisa, (Continued On Page Two)

Expect War Labor Board Order For 44 Cents Daily Increase In "Little Steel"

By WILLIAM L. UMSTEAD
(U. S. Staff Correspondent)

WASHINGTON, July 16.—The War Labor Board today is expected to recommend an increase of 44 cents a day for 157,000 workers in the four "little steel" companies instead of the \$1 demanded by the CIO's United Steel Workers.

Sources close to the WLB said that the board also has agreed to grant maintenance of membership in the "little steel" companies—Republic, Youngstown Sheet & Tube, Inland and Bethlehem—instead of the union shop sought by the CIO. It is also believed that a check off will be ordered.

Indicates W. L. B. Split

It was predicted that the board will grant the 44 cents a day wage increase by a 7 to 5 vote. This two-vote margin would represent one of the WLB's closest divisions and would indicate that the controversial case has created a wide-open split.

Industry members of WLB and labor members, it is understood, have taken an uncompromising stand against each other, leaving (Continued On Page Two)

Civilian Defense Leaders Gather At Harrisburg

(International News Service)

HARRISBURG, July 16.—Because enemy bombs may fall some day upon Pennsylvania soil, the heads of all civilian defense organizations in the state assembled today at the state capitol to perfect plans for meeting wartime emergencies.

The chairman of nearly 1,000 county and local defense councils, as well as the leaders of associated defense organizations, gathered in the hall of the house of representatives under the chairmanship of Gov. Arthur H. James, head of the state defense council, to hear addresses by U. S. Civilian Defense Director James M. Landis, Dr. A. C. Marts, executive director of the state defense council, and the governor.

On the eve of the meeting, the first of its scope to be held since the war began, a spokesman for the state defense council disclosed that the army has authorized the holding of additional practice blackouts and dimouts, similar to those held throughout the state from June 23 to 25.

Large Group Goes To Erie For Exams

Men From Local Board Two Leave For Final Examination This Morning

Local Board No. 2 of the city of New Castle sent a large group of selectees to Erie this morning for their final examination. These men will be examined and sent back home on an automatic 14-day furlough, leaving the city again for the Army Replacement Center to begin their military service at the end of this two-week period.

Because of the fact that the men will come back home, there was no farewell ceremony conducted this morning, and the same procedure will be followed for other groups leaving in the future under the present arrangement.

Ten Months For Gasoline Theft

(International News Service)

WICKFORD, R. I., July 16.—Wilfred A. Palmer, 43, started a ten-month jail sentence today—a month for every gallon of gasoline he was charged with stealing.

Judge Stephen J. Casey described Palmer's act "a defiant insult when our boys are in foreign lands bleeding and dying to save his home and ours."

Plan For Parade On Marine Day

Arrangements Are Completed For Observance Of Marine Day Here

PARADE WILL BE OF MILITARY ASPECT

L. B. Round completed final plans for the Marine Day celebration on Saturday afternoon in a meeting with his aids on Wednesday.

It was announced that Ivor Davis and Clare Book will act as marshals of the two divisions of the parade, under R. D. Rosenberger, grand marshal. To assist Davis and Book in handling the numerous units of the parade the following assistant marshals were named: Robert Hoosier, Numa Vidal, Clarence Sadler, Howard Moore, Dale Mullins, Ray Atkinson, Daniel Treloar, Elmer Reiber, George Roberts and Herb Smith.

Marshals and assistant marshals will carry ribboned swagger sticks in red, white or blue as badges of authority and for easy identification.

The size, colorful units and complicated evolutions planned for the parade will be a heavy responsibility upon the marshals who will meet for final instructions and assignments in Rosenberger's office at 124 North Mill street at 1:30 Saturday afternoon.

Wage Control Law Desired

(International News Service)

WASHINGTON, July 16.—President Roosevelt has sounded out congressional leaders, it was learned today, on the subject of holding the House and Senate in continuous session to enact a wage control law as a means of keeping the nation from plunging into a spiral of inflation.

The subject was put up to the leaders as fear spread through the Senate that rapid rise of wages against commodity price ceilings will turn the country heading toward inflation unless an all-out wage control program is promptly written into law.

Mr. Roosevelt put out feelers to ascertain if Congress would forego its usual summer recess until an anti-inflation bill now being prepared could be enacted.

Ship Torpedoed While At Anchor

(International News Service)

A GULF PORT, July 16.—Torpedoed while anchored within sight of shore, a medium sized American cargo ship was sent to the bottom of the Gulf of Mexico on July 9 with the loss of 27 lives, eighth naval district headquarters announced today.

The vessel caught on fire almost immediately and only 15 out of a crew of 42, including an armed guard, managed to escape. Of the 15 survivors nine were uninjured while six others required hospitalization.

PECULIAR ACCIDENT
William H. Skelly of 497 Neshannock avenue suffered burns of the hand shortly after noon yesterday, when a clip of matches caught fire while he was holding them in his hand. He was treated at the James Memorial hospital for his injuries.

Japs Driven From Two China Towns

Recapture Of Towns Comes Monday; "Bloody Fighting" Near Wenchow

(International News Service)

CHUNGKING, July 16.—Chinese forces have recaptured Tsinghien in Chekiang province and Tsao-tou in eastern Kiangsi province, it was officially announced today.

The successful operations by the Chinese troops came last Monday. "Sanguinary fighting" is taking place near Wenchow, important Chinese port, which the Japanese have captured, said the announcement.

Last Sunday, the Chinese staged a lightning raid against Japanese barracks at Sinyang, Honan, and killed and wounded several of the enemy and destroyed a hundred houses.

Indicating that the Japanese may be getting set for a new offensive in north central China, it was reported that they have added another division of troops to the 20 brigades semi-permanently established in that area.

Report Two More Ships Torpedoed

Eleven Lives Lost And 467 Passengers And Crew Members Rescued

(International News Service)

Eleven lives were lost and 467 passengers and crew members were safe in United States ports today as a large British merchantman and a medium-sized American vessel were added to the wartime toll of allied nation's ship losses through enemy action.

Only nine lives were lost as 372 passengers and crew members of the American vessel were saved when the ship was torpedoed and sunk within four minutes in the Atlantic ocean, according to the navy department's announcement.

The nine victims included seven members of the crew and two passengers. Three of the survivors were women, and 51 of the passengers were injured when the torpedo crashed into the port side of the vessel.

Leon Francis Hart, the ill-fated ship's first officer, attributed the speedy rescue to the calmness of the passengers, constant lifeboat drills and efficient work by a United States naval vessel which picked up the survivors.

In the other sinking announced by the navy department, two of the 97 survivors, of the British merchantman died of injuries and were buried at sea from lifeboats.

The British vessel was torpedoed in the North Atlantic more than two weeks ago, and the 97 survivors took to two lifeboats which were picked up four days later by a Norwegian merchantman. Twenty of the survivors were passengers.

Hitler Preparing For 'Second Front'

(Editor's Note: The rising clamor for opening of a second front in Europe makes timely the following exclusive dispatch disclosing the frantic preparations made by Nazi Germany to combat the thrust when it comes.)

By JOHN E. LEE
(U. S. Staff Correspondent)

LONDON, July 16.—Caught in his massive war with Russia, Adolf Hitler is preparing feverishly today against the opening of a second front in Europe.

When the blow may fall—whether this year or next—he cannot know. But he has plenty of evidence that it may come, including the Amer-

ican-British-Russian understanding that a second front in Europe is urgently needed.

Hitler's Nightmare

This vision of a second front is Hitler's nightmare. It is a drawn sword pointed at his heart. He can only guess where and how it may strike. But he knows:

- 1—Thousands of American troops are in Great Britain and Northern Ireland—not for a vacation.
- 2—British troops in these islands constantly are expanding and undergoing offensive training.
- 3—American and British war equipment is piling up ready for use.
- 4—A powerful United States naval task force is attached to the British home fleet.

Reveal Some Details Of Saboteurs' Capture

By JACK VINCENT
(U. S. Staff Correspondent)

WASHINGTON, July 16.—Evidence in the hands of government attorneys prosecuting the eight Nazi saboteurs before a military commission in Washington today shows that four of the spies escaped immediate capture after they were landed because military authorities failed to search a railroad station at Amagansett, L. I., following the "invasion" alarm.

Some of the secrecy surrounding the landing of four of the German agents on Amagansett beach from a Nazi submarine was dispelled by an official coast guard statement which disclosed that a coast guardman actually stumbled into them as they were coming ashore. The coast guardman, 21-year-old John C. Cullen, of Bayside, L. I., was unarmed at the time.

Reports Landing

The coast guard statement said that Cullen reported the landing promptly to his superiors and conducted a hunt for the saboteurs for hours without notifying the FBI. Later, the FBI tracked down not only the four spies who landed at Long Island, but four others who were landed by submarine on the Florida coast.

From other sources it was learned that the government has evidence proving that the four Long Island spies went from the beach to a nearby railroad station, not far distant from the coast guard station to which Cullen was alerted. They (Continued On Page Two)

Broadcasters To Battle Orders Of Union President

(International News Service)

CHICAGO, July 16.—The National Association of Broadcasters meeting in Chicago today promised a finish fight against the edict of President James C. Petrillo of the American Federation of Musicians that would forbid union members from making recordings.

The broadcasters warned that the order, which is to become effective August 1, would hurt hundreds of radio stations and the musicians themselves and would have a "very serious effect" on the industry as a whole. A statement issued by the board of directors of the broadcasters association said:

"If Mr. Petrillo can make his order effective, hundreds of radio stations which are necessary in the public interest and for national defense will have their usefulness to the public greatly curtailed.

"Mr. Petrillo is greatly mistaken if he thinks his order will bring more employment to musicians. All it means is that millions of people will hear less music. Even if Mr. Petrillo's theory were correct, his order, at this time, would be not only arbitrary and illegal, but unpatriotic."

Pointing out that hundreds of stations in non-populous areas rely largely on records for their musical offerings, the statement continued:

"Mr. Petrillo's order amounts to a statement that only those people who live in large cities, and who can afford to see the great artists in person, are entitled to enjoy their performances."

Neville Miller, president of the association, declared:

"There will be no settlement. This will be a showdown fight."

German Drive Into Russia Is Halted, Say Reds

Soviet Army Newspaper Says Nazi "Blitz" Offensive Broken

CLAIM SOME NAZI ATTACKS ROLLED BACK

Declare German Armies Making No Progress In Don River Attacks

(BULLETIN)

MOSCOW, July 16.—Nazi Germany's attempted "blitz" offensive on the Don river front has definitely been broken, the Soviet army newspaper Red Star announced today.

In the Kalinin sector as well, the official Soviet news agency Tass said, a number of German attacks during the last 24 hours were rolled back by the Soviet defenders.

In official confirmation of front-line dispatches indicating that the major force of Adolf Hitler's drive had exhausted itself against the steel wall of Soviet resistance and well-timed counterattacks, Red Star said:

1—The German armies in general are no longer making progress.

2—In some areas the enemy has been placed on the defensive.

The apparent success of Marshal Semyon Timoshenko's Russian armies in removing for the time being at least the grave threat to Voronezh paralleled the repulse of Nazi troops at the gates of Moscow last October.

Pursuing their traditional strategy and the only one that so far has proved a workable antidote to "blitz" attacks, the Russians permitted Hitler's forces to extend themselves. They confined their blows to "hit and run" attacks and infiltration tactics, attempting to thin out the rear of the German lines while making no real effort to stem the spearheads.

At length the Nazis reached Mozhaik less than 70 miles from Moscow, from which point German officers, with high-powered binoculars, could see the spires of the capital. Then, as heavy snows impeded German action, the Russians struck in full strength, sending the enemy hurtling back over the road he came.

Similarly at Voronezh the Russians (Continued On Page Thirteen)

WAR BULLETINS

(International News Service)

STOCKHOLM, July 16.—An official Berlin spokesman was quoted in a dispatch received in Stockholm today as reporting that German forces driving through the southeastern Ukraine had reached the threshold of the Russian steppe.

(The Exchange Telegraph company in London quoted the Moscow radio as stating that Soviet planes had blown up several ammunition dumps in an unattended Axis harbor. Other Soviet planes, it was said, sank an enemy transport which was part of a convoy.)

UNITED NATIONS HEADQUARTERS IN AUSTRALIA, July 16.—Five more American flying officers were decorated for gallantry in action today on recommendation of Lieut. Gen. George H. Brett, commander-in-chief of allied air forces in the southwest Pacific.

Awards of silver stars were made to Lieut. Donald Mitchell of Evans, Ill.; Lieut. Dean Dammit, Capt. Nathaniel Blanton of Earlboro, Okla.; Capt. Joseph Kurzel of Wilkes-Barre, Pa., and Capt. Walter Coos of New Brighton, Pa.

ROME, July 16.—By Official Italian Wireless)—The Italian high command reported in a communique today that British forces in Egypt had "violently attacked" Axis positions on the central sector west of El Alamein but said the German and Italian line held everywhere.

It was claimed that Italian and German planes had damaged a British cruiser in an attack in the Mediterranean.

LONDON, July 16.—The House of Commons agreed today to hold debate on the shipping situation in secret after the government successfully resisted suggestions that the proceedings should be made public.

Cincinnati Rental Garage Is Wrecked

Five Persons Dead In Debris

Many Others Are Injured In Blast In Midtown Garage

THOUSANDS NEAR EXPLOSION SCENE

(International News Service)
CINCINNATI, July 16.—At least five persons were believed dead today and a dozen or more injured in a terrific explosion in a midtown auto rental garage which rocked the city and shattered hundreds of windows in a radius of many blocks.
Authorities said a preliminary investigation indicated the blast was caused when gasoline was ignited by an electric switch.
They gave as those killed: Police Sgt. Carl Hill, 35, who was answering a call to the Rent-A-Car garage, scene of the blast.
John Rehe, 49, bookkeeper at the garage.
Albert J. Bass, a Cincinnati who, with Kenneth Bottorff, was returning a car to the garage.
An unidentified white man found in the debris.
An unidentified Negro found in the basement.
Bottorff was reported near death at General hospital. Others of the injured were said to be in critical condition.

Thousands Near Scene
The explosion came as theaters were dismissing crowds at the shows late last night. Traffic was congested for blocks and police reserves were called to handle the crowds.

Hundreds of telephone calls poured into newspaper offices and police stations from persons who thought there had been an earthquake, or possibly an enemy bombing.
A preliminary estimate gave the damage as approximately \$300,000. St. Xavier Commercial High school and the downtown building of the Xavier university evening division, opposite the scene of the blast, were partially wrecked.
The body of Sergeant Hill was blown 200 feet across the street into a parking lot adjoining the Xavier grounds.

Autos on the upper floors of the garage were hurled to the street. Police quoted Bottorff as saying that when he and Bass entered the garage they saw a pool of gasoline on the floor and were told by a white attendant that a Negro employee had bumped into a gasoline tank while parking a car.
Persons near the garage said they first saw a great flash of light, then heard the roar of the explosion and felt the earth shake, for some time afterward a dense pall of smoke hovered about the area.

CANCELS CONFERENCE
(International News Service)
HARRISBURG, July 16.—State Superintendent of Public Instruction Francis B. Haas today informed school officials throughout the state that he was cancelling the annual education congress scheduled to be held Oct. 1-2 because of the war.
Instead, he stated, meetings of the wartime education committees which have been appointed and such other committees as will be appointed later will be held on October 2.

BRITISH FORCES MAKE ADVANCE IN DESERT

(Continued From Page One)

after suffering terrific losses in two previous attempts to take the hill. British artillery heavily shelled the Axis forces and destroyed a number of their tanks.

A slight increase in Axis bombing activities was noted but Rommel was paid back many times over when Poyal Air Force and allied fighters heavily attacked the Libyan ports of Benghazi and Tobruk.

Large fires were left burning in the ports which previously have been subjected to strong aerial bombardments. Only two British machines were lost in the operations.

Seven Axis planes which attempted to raid British positions were shot out of the air.
The communiqué issued by the middle east high command concerning the action on the battle front 70 miles west of the naval base of Alexandria said:

Day's Communique
"Our forces which advanced in the early hours of Wednesday secured their objectives on the western end of the ridge south of El Alamein. An enemy counter-attack in the afternoon was repulsed."

"In the northern sector the enemy succeeded in partially establishing themselves at Tel El Eisa during Tuesday night while our troops continued to hold the high ground in this area. Yesterday our artillery heavily shelled the enemy, destroying a number of tanks in this area."

"Enemy bombing increased a little. Our fighters downed seven raiders and damaged others."
"During last evening Benghazi was bombed. There were many fires."
"Last night Tobruk was attacked in force."
"In all operations two machines are missing."

A large number of Axis prisoners meanwhile are being escorted back behind the fighting lines after the British made a substantially successful "limited offensive" on the central sector.

The attack by the imperial units was launched Tuesday night simultaneously with the third assault by the Germans and Italians on the Tel El Eisa sector.

Shoots Wife In Jealous Rage

(International News Service)
RANDOLPH, Mass., July 16.—Mrs. Dorothy Logan, 24, was shot and killed today, District Attorney Edmund R. Dewing said, by her husband, James, 24, who chased her into the home of a neighbor in a jealous rage.
Logan, police said, returned home from work at a shipyard and an argument with her husband ensued. James Cordera told police the husband chased Mrs. Logan into his home, shot her and calmly walked out. He was arrested by police.

STIMSON SAYS YOUTHS LIKELY WILL BE CALLED

(International News Service)
WASHINGTON, July 16.—Secretary of War Stimson today made it plain that youths of 18 and 19 years very likely will be called upon to serve in the army before the end of the war.
"We have never had a war in which married men and youths of 18 and 19 years old were not called," the secretary stated, "but the young men of that age should not feel it necessary to change their plans for the immediate future."

PLAN FOR PARADE ON MARINE DAY

(Continued From Page One)

from Ohio. Close cooperation with the police in restricted parking areas is essential if New Castle is to handle so large a crowd without difficulty.

The many colorful units of the parade include four platoons of active service marines from Grove City who will be the city's guests for the week-end. The Leathernecks club of Pittsburgh, a detachment of the Marine Corps League, will be present in force to follow their colors in the parade. The Alexander Detachment of the Marine Corps League is coming from Youngstown for this unique celebration.

The honor of leading the parade goes to the Gunnersy Sergeant Harry T. Barnes Detachment of the Marine Corps League, our local Post of Marine Veterans who are the sponsors of this Marine Corps Day. All their members have worked tirelessly in organizing this celebration under the leadership of Commander Suber, Adjutant Blanning and Chaplain McGinty.

To Carry Massed Flags

A most unique feature of the parade will be fifty massed flags carried by uniformed veterans of Lawrence County. Each of the two divisions of the parade will be led by twenty-five of these massed flags. These veterans will be under the command of Frank T. Sargent, Uniformed veterans from Ellwood City, Mt. Jackson, Bessemer, and all the World War veterans organizations of New Castle will take part in this inspiring feature. These men will report to Sargent at the Legion Home at 2:45 p. m. Saturday.

The Red Cross Motor Corps led by Miss Margaret Bodenstein will parade in their steel gray uniforms and two divisions of nurses from the local Red Cross and our two hospitals will lend color and beauty to the spectacle.

Military interest in the parade will be heightened by the presence of the 104 Cavalry Motorized, and their 35-piece band. This armored detachment of the U. S. Army is coming from South Park, Pittsburgh, under motor police escort especially for this Marine Day parade.

Policy Committee Meets
Pittsburgh, July 16.—Amid strike threats and calls for withdrawal of the case from the War Labor Board, 125 members of the United Steel Workers policy committee met today for the second session of their two-day conference.

Summoned to Pittsburgh by CIO President Philip Murray, who also heads the steel workers, the men discussed the wage increase in "little steel" which now is before the WLB in Washington.

Still angry over Murray's disclosure that the board "probably" would offer a "5 1/2 cents-an-hour in crease instead of the 12 1/2 cents" which the steel workers asked, delegates were quietly reminded by Murray that "the individual union members have the right to approve or disapprove the decision of the War Labor Board. That is why this meeting was called."

Not only the WLB was under attack yesterday, Leon Henderson, federal price administrator, also was severely criticized from the floor and the rostrum. Henderson was described by Murray as "not having taken his nose out of the case since it started."

Beach Fog-Bound
The official coast guard statement said that the beach at Amagansett was fog-bound when Cullen came across the saboteurs, two of whom were in bathing suits. They offered Cullen \$300 to forget the matter, but Cullen, realizing the odds were against him, agreed. In the dark, the statement said, the Nazis short-changed Cullen and gave him only \$260.

When Cullen made his report and a search was started, an object about 70 feet long was observed about 150 feet offshore and it was presumably a submarine. Cullen is reported to have heard the noise of powerful Diesel engines just offshore.

Feared Invasion

Fearing that an invasion attempt was about to be made on the coast, officials woke up after coast guardsmen and armed them with rifles. They hurried to the beach, but the Germans were gone.

The heavy fog swallowed up the ship and the noise died away, the statement said, with the sub heading off in an easterly direction.

Later, the searchers found four buried boxes of dynamite and other sabotage material, together with parts of uniforms which showed they belonged to the Nazis. The army and navy were notified and the boxes taken to the coast guard barge office in New York. It was not until after that time, the coast guard said, that the FBI was notified.

Council convened in city hall Thursday and authorized Streets Director James Gibson to purchase from Stewart Bros., Volant, a trailer for \$300.

Sankey Service In Campaign Tonight

Ira D. Sankey To Be Honored At Stewart Evangelistic Service This Evening

A song service in memory of Ira D. Sankey, famous gospel singer, has been arranged for this evening at 7:45 o'clock in the First Methodist church in the James A. Stewart evangelistic campaign.

Taking part in this musical program will be the festival choir and union choir.

"The Man Who Moved Millions" is the subject chosen by the Rev. James A. Stewart for his sermon this evening. The doors of the church will be opened at 7:15 o'clock.

This is the closing week of the Stewart campaign which has been in progress in this city for the past several weeks. The service last evening in the First Methodist church, when Mr. Stewart spoke, was well attended.

EXPECT WAR LABOR BOARD ORDER FOR 44c INCREASE IN STEEL

(Continued From Page One)

public members to decide the issues. Recalling that the so-called "captive" coal mine dispute wrecked the old national defense mediation board, observers feel that the "little steel" division may prove a severe blow to the WLB.

Reports popped up in the capital that the board may order the wage increase paid in war savings bonds, but WLB sources discounted these rumors. It was pointed out that an order providing for the increase in bonds would not be agreeable either to the industry or the union.

Court Fight Likely

A court fight may be precipitated over the board's decision. The steel companies have bitterly fought demands for a union shop and a checkoff, declaring that they are illegal under the Wagner act, and officials have indicated that they would take the fight to the supreme court if the WLB ordered any form of union security.

Ordering of a wage increase is in complete disregard of President Roosevelt's warning that a pay hike would defeat efforts to stabilize wages.

Government officials fear that a pay increase in "little steel" will spread immediately to the 450,000 other steel workers in the country. It is also felt that the "little steel" wage boost would pave the way for more than 400,000 automobile workers to obtain the \$1 a day demanded by the CIO's United Automobile Workers in the Ford, General Motors and Chrysler companies.

HITLER PREPARING FOR 'SECOND FRONT'

(Continued From Page One)

a highly vocal part of it—has been screaming for action.
Hitler also knows that the greatest air blows in history—the 1,000-plane R. A. F. raids on his own production centers—already have been written into the bloody record of this war. He knows first hand what such raids can achieve in softening up his war machine.

Can Expect More

He has been told he can expect more of the same. It is no secret to him that sooner or later the United States Air Force will participate in these raids on an ever-increasing scale. Already American bombers have hammered Odessa and the Rumanian oil center of Ploesti as well as occupied Holland on the Fourth of July.

If the second front talk had been designed simply as a campaign in the war of nerves, it could scarcely have been more effective. Hitler is doing his utmost to make himself impregnable. Information trickles into London of his defensive preparations, his troop concentrations in the west, his elaborate fortifications along the European coast.

It also tells of his frantic repulsive measures in the occupied countries, which now seeth with impatience and rebellion against him. One of Hitler's most recent precautions is the evacuation of civilians from the Dieppe-Boulogne region of the French coast. This was undertaken to prevent residents of that area from aiding British commandos during their sudden raids.

THREE AIRMEN KILLED IN CRASH

(International News Service)

CLOVIS, N. M., July 16.—The death of three airmen in a midair collision of two planes at the U. S. army's glider pilot training school at Clovis was announced today by army officials.

Those killed were Sgts. Tom Moxley and John Russell, and Fred R. Gibbs, an instructor, whose parents Mr. and Mrs. Ira Gibbs, reside at Hot Springs, Ark. The home addresses of Moxley and Russell were not immediately announced.

On land and in the sea—barbed wire entanglements and concrete pill boxes dotted along the shores.

Large numbers of fighter planes are on hand to support the ground forces. One well informed source estimated recently that 50 per cent of the fighter strength of the Luftwaffe is now disposed on the western "invasion front."

Soldiers and workmen by the thousands are laboring on the 2,000-mile coastline of Norway, the low countries and occupied France. They are building pill boxes, tank traps and gun emplacements, some of which extend back as much as 50 miles from the coast.

In front of these are minefields—

B. P. W. CLUB PICNIC AT COTTAGE WEDNESDAY

Business and Professional Women's club members joined for a delicious picnic supper Wednesday evening at their club cottage, located at Lakewood. Upwards of forty were in attendance. A special feature was the presenting of a lovely gift to one of their number, Mrs. Pearl Hockenberry Johnson.

Mrs. Johnson is a bride of a year ago, and it is the club custom to honor members at their summer gathering, this being the first opportunity since her wedding, for the club to go so. A table was appointed in the nuptial motif for the honored one.

Excellent reports of the state convention held at Indiana were given by Nancy Bechtel and Mary Scherger. They gave considerable data regarding the jobs for women in aiding the "War Emergency Program."

The committee in charge, included Miss Bechtel, Miss Scherger, Miss Elizabeth Parker, Miss Eleanor Smith, Miss Emily Rice and Mrs. Mabel Bolland.

The August 19 meeting will be held at the cottage, with Miss Nannie Mitchell, chairman.

Friday
Spoon club, Mrs. Grace Phillips Johnson, Moody avenue.

A. A. A. noon, Cascade Park.
1945 Mrs. Edward Millison, Leesburg station.

W. S. O., Mrs. Helen Dillon, Laurel boulevard.

HARLANBURG GARDEN PICNIC WEDNESDAY

Mrs. Bertha Kneram of Harlanburg acted as hostess Wednesday to an all-day picnic outing in Rock Springs Park of Harlanburg Garden club members and the Red Cross sewing group of Harlanburg.

There were over 20 adults and 18 children present to share in the basket picnic lunch at noon. During the afternoon, races, games, and swimming were enjoyed by both the children and their mothers.

G. N. Club Meets
Mrs. Joseph Sansosti opened her home on Harrison street Wednesday evening to members of the G. N. club.

"Pal night" is planned for July 23 at Cascade park. Mrs. Clotilda Ross as chairman and Mrs. Edith Semione assistant chairman.

Plans were made for a picnic on August 9 at Cascade park in the form of a family affair. Mrs. Joseph Donati captured the club token and card prizes were won by Mrs. Clotilda Ross and Mrs. Christina Lombardo.

Special guest was Mrs. Nick Sansosti and she aided the hostess in serving lunch.

On July 29, Mrs. Louis Caspare of Cunningham avenue will be the hostess.

Mabel Ryan Class
This evening, the Mabel Ryan Bible class of the Christian Missionary Alliance church will have their monthly meeting in the home of Mrs. Avery Rigby, rear 210 Pearson street.

PRICE-RAMSEY WEDDING AT SECOND U. P. CHURCH

Quiet but impressively celebrated was the wedding ceremony which took place Wednesday evening in the Second U. P. church, when Mildred Dadds Price, daughter of Mr. and Mrs. C. J. Dadds of Grandview avenue, became the bride of Harold L. Ramsey, son of Mr. and Mrs. George C. Ramsey of 419 Glenmore boulevard.

The vows were exchanged before a gathering of relatives and friends of the couple at 7:30 o'clock, with the Rev. J. Calvin Rose, pastor, officiating. He used the single ring service.

For her marriage the bride was attired in a white sheer street-length dress, with a matching coat. Her accessories were white and her shoulder bouquet further carried out the all white theme. As her sister's only attendant, Mrs. LeRoy Messner wore a black sheer with matching accessories and yellow jacket, with a corresponding shoulder corsage.

Preceding and during the ceremony, appropriate nuptial music was played by Miss Ruth Weir, organist. She announced the entrance of the wedding party with Lohengrin's March and for the recessional she resounded Mendelssohn's. The simplicity of the occasion was further accentuated with two large single baskets of gladioli providing the only altar decorations.

A congratulatory period followed in the church and immediately afterwards the couple departed on a motor trip. They will return here Sunday, and after July 27 will take up residence at the present at the home of the bridegroom's parents.

Mrs. Ramsey is employed at the New Castle Water company as assistant cashier. Mr. Ramsey is affiliated with the Johnson Bronze as production clerk.

DOUBLE ENGAGEMENT REVEALED AT PARTY

Members of the T. O. F. P. club met at the home of Elizabeth Hayes, New Wilmington, Wednesday evening.

Games and social chat were the diversions of the evening, with prizes being awarded to Mildred Cheers and Betty Brannon, the latter a guest from Franklin.

Later in the evening, the club was invited to the home of Laura Mae Kaufmann, where the news "Laura Mae" and "Bob," also "Elizabeth" and "George," of August 7, 1942, was revealed in bridesmaid's bouquets, at a prettily appointed table, where pink and blue motifs prevailed.

Miss Laura Mae Kaufmann is the daughter of Mr. and Mrs. B. F. Kaufman of New Wilmington, and Bob is the son of Mr. and Mrs. Oliver S. McCann, of 106 North Ray street.

Miss Elizabeth Hayes is the daughter of Mr. and Mrs. Harry C. Hayes of New Wilmington, and George is the son of Mr. and Mrs. George S. McCurdy of Elm street.

Next regular meeting at the home of Miss Aileen Cheers of this city, August 19.

THE STORY OF Famous Diamonds

The GREAT MOGUL Largest Diamond in the World!

This diamond was stolen from Shah Jahan by his own son, the Mogul of Aurangzeb, who immediately clapped his father in jail and murdered his three brothers in the bargain. Since then the Great Mogul disappeared. Some think it was sent, a part became the Kohinoor; others that it reappeared as the Russian Orloff diamond. Originally this diamond weighed 787½ carats, and but for a little notch and a slight flaw in the lower edge, this magnificent gem was of the "finest water."

The Parent Problem

By Gary C. Myers, Ph. D.

THOSE NEIGHBOR'S CHILDREN

When it is your child who is a savage toward the neighbor child, you can easily correct the difficulty. But the chances are you won't. It is curious how blind we are to the faults of our children when a neighbor complains about them. We may think them the naughtiest kids in the community until someone else tells us they are. Then we fly to their defense.

It is hard to be entirely unbiased and objective in these matters. Yet we owe it to our children, more than to our neighbor, to do our utmost in this direction. Then, if our neighbors should do as well, there would be few controversies between them and us over their children and ours.

Bully A Hard Problem

It is when the neighbor's child has no restraint, is a tyrant or a bully, that we think our problem is the hardest. A mother writes me, for instance: "The neighbor's three-year-old boy is allowed to strike his sisters, the furniture, anything. Whatever implement he uses is merely taken away from him, but no punishment inflicted. His sisters are not allowed to strike him back. He has struck our baby with their car crank, knocking her unconscious. He has used the hoe on our Henry's head. Henry is six, cutting two small gasches."

In such a case, the only safe measure is for you to keep your children away from such a dangerous infant, and be always on hand when this baby visits in your home or is on your playground. While any child's on your premises, you can properly send him home when he violates the reasonable rules of your home. Even then it pays to observe great caution. It is usually wise for you to assume no disciplinary control over your neighbor's children.

May Be Jealous

Often I hear about the neighbor bully who is several years older than the children of the parent writing me. This child can become a terrible pest. You may know him by him by occasionally hitting him to run an errand or do some little job for you; by worthy praise of his specific achievement, especially in the presence of his parents.

He may be jealous of a younger child or dominated by an older one or by his parents. Any suggestion you can drop skillfully that would make him better understood at home, should help him. Indirectly, through a mutual friend of these neighbors, you might induce his parents to enroll this bully in a summer camp, or turn him to scouting, or give him boxing lessons. Most bullies are really cowards.

Solving Parent Problems

Q. My girl four years old makes up the wildest yarns. Do you think they will practice her in lying?
A. Not if you have a good imagination yourself. It is the bone-headed parents with no imagination who cause little children to confuse facts and fancies.

The World and the Mud Puddles

NOW USE THEM

A century before the tank and the bomber, history's greatest master of art of war laid down the cynical dictum.

"Providence is on the side with the heavier artillery."
The first American tanks sent into battle, in Africa, lacked fire-power, and so were handicapped in attack under fire of heavier German tank cannon. The first American fighter planes had but machine guns while the British spitfires were equipped with twelve.

It is different now!
General Arnold, of the Army air force, announced recently: "The flying fortress has no peer in its field today. And our B-25 bombers can go farther, faster, and carry more bombs than the best ships of our enemies."

Napoleon also told his generals: "Impossible is the word of fools!"
It is not an American word, as Production Chief Nelson told the world in revealing our 5000-a-month plane production! "We have found our total production higher than we had any reason to suppose it could be," he said. One plant designed to produce fifty planes a month at full capacity is now producing close to one hundred and fifty planes a month!

At the inevitable Waterloo of Nazism, when the heaviest artillery of sky and battlefield, massed in "impossible" might, shatters the last vestige of Axis power, the shade of Napoleon may be imagined smiling derisively at the annihilation of Schickelgruber, his would-be successor of the Twentieth Century.

Bible Thought For Today

But do not confuse wisdom with information. Encyclopedias contain much information. It is not wise to fight against God, start with the fear of displeasing God. That is the beginning of wisdom: Wisdom is the principal thing, therefore get wisdom; yea with all thy getting get understanding.—Proverbs 4:7.

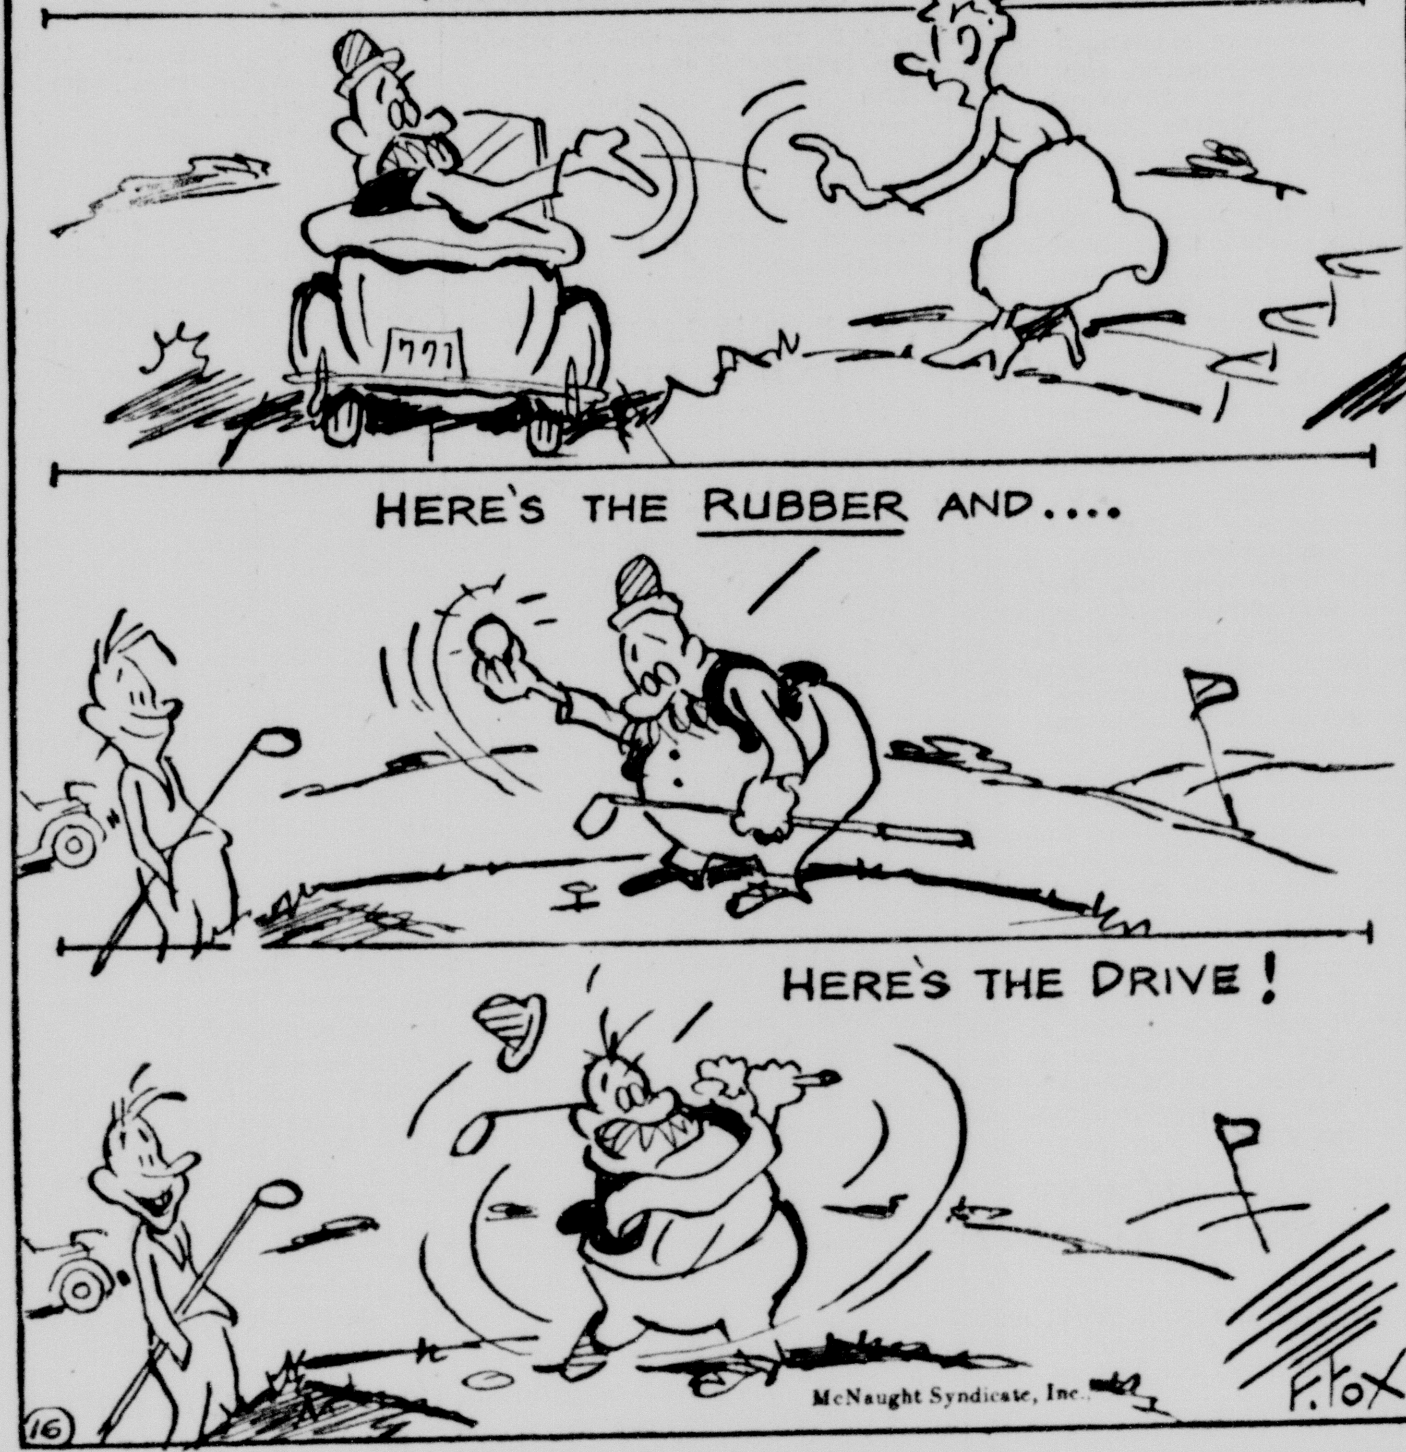

Hints On Etiquette

If your child plays, sings or recites well, and you think guests will enjoy hearing him perform, ask the youngster to do so, but don't insist if the child doesn't want to. It is embarrassing to the guest.

TIRE BAN FULFILLS ISAIAH PROPHECY

Austin, Tex.—Today's tire situation fulfills a prediction of the prophet Isaiah written some 2,700 years ago, Governor Coke R. Stevenson observed today.

The governor quoted Isaiah III 18: "In that day the Lord will take away the bravery of their tinkling ornaments about their feet, and their cauls, and their round tires like the moon."

What's What At A Glance

What About Oldsters At War's End?
Columnist Speculates About Future
Can't See Rosy Picture Lying Ahead

By CHARLES P. STEWART

WASHINGTON, July 16.—Being kinda tired, I showed signs of it a few mornings ago, and my young daughter remarked, "Daddy, you oughta see a doctor."
"I'll take a heck of a doctor," said I, "to cure me of the age I've arrived at."
"Fido!" replied my daughter. "Anybody up to 100 is eligible for war purposes."
I'll agree that that's the proper spirit. Nevertheless it's severe on us oldsters.

What I'm asking, though, is—What'll happen to us later?

In the next two years, according to government figures, 20,000,000 Americans will have to be inducted into war activities, assuming that the conflict continues.

That'll include all the septuagenarians, the women and the children as the latter arrive at sufficient years to meet requirements. The children are immaterial. They'll be absorbed gradually. The women will go back to housekeeping. A percentage of the male adults will get back into their old occupations. But we aged fellows?

Into the Discard

Some millions of us will go into the discard.

I can see the signs already. We'd be superfluous now if it weren't for our present superfluity. It's up to us to begin to die in due season, but we shan't all do it.

The theory is that the situation will adjust itself automatically. Perhaps it will, as to the adult population and the upcoming generation. The poor old ancients will be in heck's own hole, though. They'll be of no further use for the extinguished emergency and there'll be no subsequent emergency to support 'em.

My own notion is that, on their own account, they'd better pull off some sort of an uprising.

I'm not sure that a dying generation can't put up a fight for its own temporary survival. It remains moderately husky. Why not fight for its life?—such as is left of it?

We have nations and races fighting between themselves. Why not generations?

The orthodox military dope is that, on an overwhelming average, a youngster is a better scrapper than his seniors, which may have

Labor And The Elections

WASHINGTON, July 16.

IT IS BEGINNING to be recognized that, outside of the regular party organizations, the most active group in the coming Congressional campaign will be that of organized labor. In this connection the political plans of the paid professionals who dominate the American labor movement ought to interest the people generally. Because if they succeed there will be riveted into the American system—perhaps permanently—a species of tyranny wholly repugnant to the individual freedom of which we boast and for the preservation of which—so it is proclaimed—we are fighting.

IT WOULD BE an ironical thing, indeed, if we should preserve this freedom from those who threaten it abroad only to lose it through our own inertia at home. Yet, no one who calmly reviews the record of labor advances in the past two years and thoroughly understands the existing situation will contend that this is a far-fetched idea. On the contrary, there is reason to regard it as considerably more than a remote possibility. So much evidence has been given of the inability of both the legislative and executive branches of the Government to discipline or resist these labor leaders that it is clear further gains will establish them as the real rulers of the country, stronger than the Government itself.

IT IS AS impossible to deny that, beginning with the threat of war in 1940, our labor dictators have skillfully used the national emergency for the promotion of their ends as it is impossible to deny that they have made very great progress toward those ends. More than a year ago it was stated in this column that the real labor strategy in the epidemic of strikes with which the country was afflicted before Pearl Harbor was not so much concerned with wage increases as with general establishment of the closed shop throughout the country. The real goal is to bring about a condition in which every man has to be a member of a union to get a job; in which once a member, of the union he has to remain a member or be blacklisted; cannot opt resignation escape payment of his union dues and assessments.

PERHAPS IT IS too much to say that this goal has now been fully achieved but it is entirely accurate to say that great strides have been taken toward it and that its complete achievement seems in sight. After we entered the war, the labor bosses, recognizing that public sentiment would no longer tolerate

LOOKING AT LIFE

—By Erich Brandeis

Odell Waller, 25-year-old negro sharecropper of Virginia, has paid his debt to the state.

Heard Davis, his white employer, he said, had cheated him out of his part of the crop. So, in his elemental interpretation of justice, he killed him.

Just before Waller died he gave a statement to the newspapers. It read in part:

"I haven't lived so upright. But I have asked God to forgive me and I feel he has."

"Have you thought about some people are allowed a chance over and over again then there are others allowed little chance, some no chance at all."

"In my case I worked hard from sun up until sundown trying to make a living for my family and it ended in death for me."

"You take big people as the president, governors, judge, their children don't never have to suffer. They has plenty of money. Born in a mansion nothing ever to worry about. I am glad some people are that lucky."

"The penitentiary all over the United States are full of people who was pore tried to work and have something and couldn't so that made them steal and rob."

Odell Waller is dead and will soon be entirely forgotten.

But in that simple testament of his lies a philosophy—the philosophy of poverty and ignorance which takes in the whole gamut of life.

Worked from dawn to dusk to support his family. Some helped him, some hurt him.

Tried to be good, but too poor to have something—some steal, some rob, some just despair and go on to the end.

But Odell in protest against the wrong done to him—murdered and paid the price.

When this war is won there is still another war still to be fought—the war against poverty and ignorance.

When these two are joined in marriage their offspring is crime.

School Swimming Pools Restricted To School Classes

Chlorine Shortage Cause Of Action Taken By Board Last Night

No more outside swimming classes for the two junior high school swimming tanks. This order was handed down Wednesday night by the school board and Secretary John B. Bechtel instructed to refuse applications for groups outside the school using the pools this winter.

The decision comes as the result of the shortage of chlorine and the necessity of the board husbanding its meagre supply. Secretary Bechtel feels that he can get Federal approval of an application for chlorine for the coming school term but no more than the schools will use for student purposes.

The board let the contract for the coal order for the coming school year to Maxwell and Gibson, the only bidder. Their price was \$5.19 for 1-8 inch, \$5.19 for two inch and \$4.96 for nut coal.

The contract for the \$300 worth of electric lamp bulbs went to D. G. Ramsey Sons. The order for magazines to be supplied schools during the year went to Mrs. Ralph McGoun at a price of \$124.20. The contract for mechanical drawing instruments went to the Dietzen company at a price of \$344.87.

The common labor rate paid by the school board was raised from 40 to 50 cents per hour.

News Briefs From City Hall

City Engineer John Z. Street today announced that application blanks desired by persons or firms who desire to excavate in what the city claims are state maintained streets and avenues here are at his office in city hall. When they are filled out they are sent to the state highway office at Pittsburgh.

City council has been discussing the proposed Taylor street building which will house city streets and sewer bureau equipment and also the motor mechanic's shop.

Permission Given For Taggart Field Use Next Tuesday

Patrons of the Civilian Defense boxing tournament in Taggart Stadium Tuesday night, July 21, will see more than a series of boxing matches. A practical demonstration of bomb demolition and fire protection against incendiary bombs will be given by a group of trained workers.

William J. Convery, general chairman of the tournament, appeared before the school board Wednesday night and asked permission to use the playing field of the stadium for the fire demonstration. The request was granted.

Chief of Police W. G. McMullen today reported 75 auxiliary police in attendance last night in city hall when gas and bombs were discussed. Courses in first aid work will get under way next Wednesday at 8 p. m., he stated.

American Survivors Reach Southern Port

One Man Lost From U. S. Tanker As 36 Reach Safety After Lifeboat Perils

(International News Service)

A SOUTHERN PORT, July 16.—One member of a 36-man crew of an American tanker, sunk before midnight June 20 off a West Indian island, was listed as missing today by survivors who reached this southern port after spending five days in lifeboats.

All 13 members of the gun crew aboard the vessel were saved. A single torpedo struck the starboard hatch without warning, the survivors related.

Capt. Peter G. Winses of Long Island said the ship sank in 10 minutes with the steam whistle, which had opened accidentally, going full blast.

The submarine surfaced and played a searchlight on the lifeboats, but there was no conversation between the sub's crew and the ship's personnel, Captain Winses said.

"We were in the lifeboats for five days, rationed to a cup and half of water daily. When land was sighted I gave all members a full cup of water," the captain said.

More Certificates Ordered; Board Cannot Give Out Sugar Without Certificates

It was announced late this afternoon that the Sugar Ration Board in the Aiken schoolhouse on Pearson street has run out of sugar certificates. Until more certificates arrive, the rationers will not be able to give out any more sugar.

It is not known now when the other certificates will arrive but they have been ordered and there will be an announcement in The News as soon as they get to New Castle. Up to and including today, the ration board has given out sugar certificates to about 300 applicants a day.

(From the Medical Society of the State of Pennsylvania)

Did ancients live for 600, 800 or 1,000 years?

We are told they did, but we don't have to believe it.

Some ancients counted summer as one year, winter another year.

Other peoples considered every season a year.

The Egyptians calculated by the moon.

It was possible to have lived 1,000 moons—or Egyptian years.

Few people live much more than 100 years.

And this regardless of mode of life, heredity or climate.

The average person does not live three score and ten years.

Heredity, diet and environment are factors in old age.

Most old persons had long-lived parents and grandparents.

They lived orderly lives under peaceful conditions.

As the twig is bent the tree inclines, until the army teaches him to straighten up.

Bundles For America Begins Salvage Work

First Contributions Already In; Lapel Pins Go On Sale Today

Opening its doors on the corner of Croton avenue and East Washington street for the first time this morning, the new women's war organization in New Castle, "Bundles for America, Inc.," found plenty of work waiting for them. Already many articles of clothing have been turned in—among them silver gilded evening slippers, 1918 army shirts, fur muffs, velvet pocketbooks, along with less romantic wearing apparel.

"It does not matter what is turned in, nor how ancient it is," said Mrs. Grace P. Johnson, chairman of the local committee, "we can use anything to help our soldiers or their families."

Mrs. Johnson announced that lapel pins, bearing the crest of "Bundles for America," have arrived from New York and will go on display and sale this afternoon. She explained that the profits from the sale will be used to help defray certain necessary expenses.

"Bundles for America" is housed in two large rooms on the corner of South Croton avenue and East Washington street, that gives the visitor an impression of being picked for practicability and not for beauty. Four large American flags and one British are the only decorations.

Local Marines Enjoy Army Life At Philadelphia

Do Varied Duties About Philadelphia Navy Yard, Men Report

New Castle men who are now stationed at the Philadelphia Navy yard are getting along fine and like marine life immensely, they state in a letter to The News. At one time, there were 19 of them stationed there.

The local men are doing various duties. Lou Hazen, Danny Fusco and Vince Audino are employed in the office, while Bill Wallace is in the library, Elmer Minter and Jack Di Carlo work in the mess hall, and Lou Cartwright, Joseph Parker, Don Russo, Russ McBride, Mickey Salmen, Jack Flansburg, and Fred M. Marleio are on guard duty. Bob Rowan and Walter Twell are at the receiving station. Alex Pascarella is at Fort Mifflin. Fred Berner was transferred to Cape May, N. J.; Patsy Russo is in Washington, D. C., while Ted Castele has gone home on a medical discharge.

Today marks the 100th day of army life for Audino, Minter, Di Carlo, Cartwright, D. Russo, McBride, Salmen, Flansburg, Berner, Twell, and Maciarello.

The local boys extend the hope that Marine Day here on Saturday will be a huge success, and want the other Marines and ex-Marines of the city to know that they will be thinking of them on this occasion.

WOMEN OF THE MOOSE SELL MANY WAR STAMPS

At Moose Temple, South Mercer street, the regular meeting of the Women of the Moose was held at 8 o'clock Tuesday evening with Regent Mae O'Neill in charge.

Five new members were received. H. Margaret Davies, treasurer, gave a report for War Relief Chair-lady Mary Kennedy regarding the sale of war stamps. \$549 worth of these stamps were sold in three days, and the drive will continue for the balance of the week.

Next regular meeting will be Tuesday evening, July 28, at 8 o'clock, executive meeting at 7. Practice every Monday evening at 9.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

The Great Game Of Politics

(Continued From Page Four)

what had been going on, publicly declared against strikes. To a modified degree strikes in their unions still continue but the bosses have disclaimed responsibility. What they have devoted themselves to since Pearl Harbor is the negotiating of new agreements and the making of new closed shop demands. In these they have been singularly successful. With support of the government mediation agencies, in every case they have gotten most of what they asked.

THE UNION maintenance formula is just another name for the closed shop and not only has been sanctioned by the War Labor Board, but favored. Industries with war contracts are in no position to resist, and have almost uniformly yielded to this demand, though knowing well what yielding means. In brief, the closed shop, which is the dream of the professional labor lobbyist, has pretty well been put over. The union maintenance scheme, when, with the Administration sympathetic, there seems no way to stop, not only puts industry generally under the heels of the labor bosses, but takes away from the American workman his freedom to work or to quit work except on the terms prescribed by the labor bosses.

HAVING ALMOST reached this goal, the thing these bosses want now to guard against is a setback. This is the reason for their acute concern about the personnel of the next Congress and explains their plans for election activity. They want to eliminate any possibility of the next Congress passing legislation that will curtail their power and restore the freedom which the union maintenance scheme has taken away. To this end they want to eliminate members of Congress who have not taken orders from the labor lobby in the past and elect only those who have taken or will take orders. Accordingly, in Congressional districts all over the country this fall one candidate will be endorsed as a "friend of labor" and the other opposed as an "enemy of labor."

THE LABOR BOSSES have ample unions funds at their disposal to promote their political aims, and every intention of using them. How effective they will be depends upon the inertia and lack of understanding of the masses of voters. By themselves they would be ineffectual except in a very close fight. What gives them power is their link with the Administration. In nearly every instance the labor choice will be the New Deal candidate, supported by the Administration. This, of course, will enable the labor leaders to campaign against independent men, who have given full support to Mr. Roosevelt's foreign policies, with the slogan "support the president"—for example, such a Democrat as Representative Howard Smith of Virginia. This political link between the Administration and the labor lobby is open, acknowledged and of long duration. Clearly, in the next campaign the combination will be operating to restrict freedom and impose an unwholesome labor dictatorship upon the country. What makes the operation shocking is that it is being calculatedly screened behind the war.

What's What At A Glance

(Continued From Page Four)

been true in the past—but is it true now, with a graybeard's finger on the trigger as effective as anybody's? I can shoot as fast, at any years, as a 20-year-old can.

It may not be so up to 75, but a bit short of that?

Our present-day oldsters, though? They're barred strictly, even as curiosities. Their wives ditto, as nurses and other accessories. They'll be among the millions wished into the post-war discard. It'll get 'em guessing.

Casual Subject Now

What this post-war situation's likely to be is something to figure on.

It's referred to in millions. Just now nobody refers to it except casually.

Then it'll involve some calculation.

We old fellers will lose our jobs. Our wives'll lose their. We're hoping to die before it happens.

I haven't got any confidence in this talk to the effect that we've got a better world period coming if we don't have a darned sight worse era coming. I'm no guesser.

A country doesn't unload 12 or 15 million oldsters and their wives at one shot without economically disorganizing 'em seriously.

The government's story is that it's going to be fixed to reabsorb 'em immediately.

It'll have to go some. It may not be in office then. What administration?

Three Boston Youths Die Under Rockslide

(International News Service)

BOSTON, July 16.—The bodies of three Melrose High school youths who had given up their summer vacations to work in defense industry were recovered today from beneath tons of gypsum in a 100-foot ore silo.

The youths—Andrew Herdman, 18, William C. Hurd, 17, and George Gibbons Jr.—were crushed to death yesterday when they attempted to dislodge a chunk of rock gypsum lodged at the top opening of the silo. Other ore being unloaded from a freighter fell on them as they plunged into the silo.

Pennsylvania manufacturers who are still puzzled about the role of their companies in the war effort are being shown the light by the U. S. employment service. Through a survey, the service plots the occupational skills of workers and the adaptability of equipment in the plants. Then the manufacturers are advised just what happy production medium they can safely adopt for the duration.

SEVENTH WARD NEWS

Hoeing Corn Is Good Exercise

John C. McMillen, of North Liberty street, states that he expects to have some sweet corn off his place, along Hickory Creek, North Beaver township, in three weeks. Mr. McMillen was up bright and early, 5:30, Wednesday morning, and was soon after, busy with his hoe cultivating the corn. He says this is good exercise for him, and keeps a good ruddy color in his face, despite having to be cooped up in his store for the balance of the day.

State Demands Course Additions At Junior Highs

Unless the New Castle school board installs a course in practical arts in the seventh, eighth and ninth grades of Benjamin Franklin and George Washington Junior high schools, the Department of Public Instruction may withdraw its recognition of these schools as junior high schools. This word came to the New Castle school board Wednesday night in a letter from the department.

Practical arts includes home economics and vocational training.

The implied threat met with resentment from board members.

"Does it make any difference whether the department so recognizes the schools?" asked Director Daniel B. Woolcock.

"We would have the same buildings, the same teachers, the same course of instruction and pay the same salaries. What difference does it make?"

"This is certainly a fine time to be threatening us," said A. C. Hyde.

"We are informed that some lines of specialist teachers such as vocational arts, will be scarce and may not be obtainable. We have gone along with no complaint from the department, and now they threaten to withdraw recognition. It doesn't sound good to me."

Superintendent Frank L. Burton is to get in touch with the department and arrange a conference on the matter. The main question seems to be "when is a junior high school not a junior high school?"

Two Volunteers Join Navy Today

Bring Month's Total To 34; Ex-Service Men Urged To Re-Enlist

Two men left for service with the United States Navy this morning according to Chief D. C. Ritchie, officer in charge of the New Castle naval recruiting station in the post office. They were Carl R. Snyder, Box 344, Stoneboro, and Ross E. Boles, 122 East street, Mercer.

Today's recruits raised the month's total for the Navy office to 34 or better than two a day.

Chief Ritchie said, "If this keeps up, we may better all existing records."

It was also announced that the Navy needed all ex-service men who have been honorably discharged between 1932 and 1942. They will be re-enlisted with a rating higher than they held when they left the Navy. The age limit for ex-service men is 50 years.

Chief Ritchie said that the Navy has modified their physical requirements and asked that all men who had previously been rejected for physical reasons to try again if the still want to serve with the Navy. For further information on either of these points, it was requested that men visit the Navy recruiting office in the New Castle Post Office building where all inquiries will be gladly answered.

Members of the American Legion band will take part in the Marine Day parade here on Saturday afternoon. Director George Moore announced today.

The band will assemble at the band headquarters, 360 Neshannock avenue, at 2:30 o'clock Saturday afternoon.

Plans are rapidly rounding out for the reunion of former students and teachers of Oak street school. The committee meetings have been well attended, the event to be held at Cascade park, August 18.

It is expressed that more of those who went to the school when it was first opened, dating from the years of 1894-1895 and on. Members of the classes of 1909-1913 are urged to attend, for it is this group whom have undertaken to get up an Oak Street School reunion. All students and teachers connected with the school at any time, are cordially invited to attend the outing at park, on Tuesday, August 18.

A final committee meeting is called for Friday night at the home of Mrs. Rhea Bentley Minter of 910 East Washington street. A large attendance is asked to be present at this last important session.

News And Views From Pennsylvania Capital

(International News Service)
HARRISBURG, July 16.—The war may cost the Democratic party a good number of votes this fall. The question of the soldiers' ballot is one that is worrying Democratic leaders all over the land. Most of the soldiers are young and are considered in the Democratic column. In Pennsylvania it is a comparatively simple matter for a soldier to vote by absentee ballot. But will he? That is the question that is worrying Democratic politicians in this state. A mere handful voted in the primary election and there is nothing to indicate that there will be any great absentee balloting by Pennsylvanians in the armed forces this fall. There is no telling how many votes the Democrats may lose. Up to the time of Pearl Harbor approximately 60,000 men had been inducted into service. Since then many more have been called up.

The Harrisburg club has been termed by the national director of U.S.O. as the "bee-hive of U.S.O. photography." The photographic administrator of the U.S.O. club administered in the state capital by the National Catholic Community Service has already taken pictures of 500 service men for the "folks back home." The pictures are free.

"A number of courses and suggestions" for high schools interested in providing aviation training will be provided by mid-August by the Wartime Education Committee on Aviation. State Superintendent of Public Instruction Francis B. Haas revealed. Haas predicted however, that the courses would not include

actual flight training, but rather rigorous drilling in mathematics, physics and geography. The purpose is to train students to be able to handle the advanced study required of flyers and aeronautical engineers.

The man or woman who follows the arrows on the signs in the basement of the main capitol building which read "This way to air raid shelter" winds up in elevator. Someone tacked up a few arrows too many. The basement air raid shelter is located in the wing.

The most thorough cleaning the white marble in the main corridors of the capitol and of the rotunda has ever had is now being finished. The lower floor corridor walls received their first cleansing during the past year by a W.P.A. crew, but during the past few weeks a contracting firm has been applying a powerful detergent to the surfaces of the marble walls of the upper reaches of the rotunda. When completed, the marble will shine again like it did 40 years ago when the capitol was built.

The marble statue of Sen. Matthew S. Quay is now a pristine white. Located in a rotunda niche under the dome of the state capitol it for years bore a dirty gray look. Now it has undergone a bath.

World War I Songs Regain Popularity

New Castle Woman Finds Treasure Cache Of Old War Songs In Attic

When World War I ended, the songs that cheered a warring nation were gradually forgotten and left in cellars or attics, far from the light of day and the hearts of a peace loving people.

But Pearl Harbor came along; the country felt a need for these brave songs again and so began a search of cellars or attics for those gay rhythmic songs, so typically American.

So it was that Mrs. Anthony C. Ricciardi, 1102 Agnew street, found copies of such famous songs as: "Yankee Doodle Dandy," "Oh How I Hate to Get Up in the Morning," "Mother Here's Your Boy," "Fill We Meet Again," "When the Yanks Come Marching Home," "K-K-K-Katy," "We're Going Over the Top," "Keep the Home Fires Burning," "After the War is Over," "Over There," "Goodbye Broadway, Hello France," and many others.

After a thorough dusting (both of the music and the vocal cords) Mrs. Ricciardi found that the music and her voice, though she would not admit it, was almost as good as new. She said she especially enjoyed trying "Bring Back the Kaiser to Me" though she had a little trouble trying to fit Hitler, Mussolini and Hirohito into the two syllables formerly allotted to Kaiser.

Mrs. Ricciardi will be glad to lend any of the songs to those who intend to use them for patriotic purposes.

CAMP RUN

PRAYER GROUP MEETS
Prayer Group of District No. 2, Beaver Valley Presbyterian met at the Camp Run U.P. church, Tuesday with 13 in attendance. Mrs. Elmer Nevin presided at the meeting. Mary Jane McKnight, a missionary in the Sudan, is home on furlough, was present and spoke on conditions in Egypt.

MISSIONARY SOCIETY
Mrs. Russell Wright pleasantly entertained the Women's Missionary Society of the U. P. church at her home, Thursday. The day was spent quilting and piecing patches. A dinner was served at noon, and the birthday anniversary of Mrs. James Wright was observed. Mrs. E. N. Boots was in charge of devotions, and Mrs. Lester Wagner, president, conducted business.

Unusual Death Of Army Man Gets Inquest

Lieut. Col. Outlaw, Found
Beside Atlanta Runway
Was Prominent
Airman

(International News Service)
ATLANTA, Ga., July 16.—An inquest was to be made today in the death of Lieut. Col. John F. Outlaw, 51-year-old commanding officer of the Atlanta air base, whose body was found beside a runway at Municipal airport last night. Authorities said that local weather conditions were the cause of his death. Artificial respiration was used for some time in a vain effort to revive him.

Col. Outlaw was promoted to the rank of lieutenant colonel only a few days ago. A resident of Clarksville, Tenn., Col. Outlaw had been a member of the Tennessee National Guard for many years and was called to active service with the United States armed forces in 1940. He was command pilot, the highest rank it is possible to obtain in the army air force.

House Permits Below Parity Sale Of Wheat

(International News Service)
WASHINGTON, July 16.—Representing a major victory for President Roosevelt, the House voted on Tuesday to permit the sale of government-owned surplus wheat at less than parity prices.

In resolving the month-old deadlock over the agriculture appropriation bill, the House capitulated from its stand and adopted a Senate provision permitting the commodity corporation to sell up to 125,000,000 bushels of wheat at 85 per cent of the parity price for corn—approximately 83 cents a bushel. The parity price of wheat is \$1.34 a bushel.

Bombing Objective Is Aid To Russia

(International News Service)
LONDON, July 16.—The primary objective of Royal Air Force bombings is to help Russia, it was said in authoritative British circles tonight.

"It may be assumed that Americans are represented in councils determining the 'target for tonight,'" a spokesman said.

Sam Houston, famed Texan, was born near Lexington, Va., March 2, 1793.

Club Presidents Are Analyzed

California Sociologist Com-
pletes Study Of 3,000
Organizations In Chicago

(International News Service)
STANFORD UNIVERSITY, Calif., July 16.—So you're a club president and a big shot in the eyes of your friends! Well, here's something to think about.

Herbert Goldhamer, Stanford university sociologist, just completed a study of the nature and basis of more than 3,000 organizations in Chicago such as social clubs, political clubs, women's club, business men's associations, fraternal orders and trade unions, and today Professor Goldhamer announced his bold, scientific conclusions:

If you are president of the local sewing circle or the Build Muscles Athletic club, the chances are that you are either a neurotic or an extremely well-adjusted person.

"The well-adjusted person holds office because he is chosen by others, or, as it were, has the office thrust upon him because of his ability," says Professor Goldhamer, "while the neurotics push themselves into leadership positions because of an excessive energy resulting from frustrations and a sense of inadequacy in other respects."

However, he points out, the better adjusted a person is, the more organizations he belongs to. Neurotics belong to fewer associations, the study revealed.

Membership in clubs and organizations is closely related to income, occupation and education, the Stanford professor reports. The college man with a responsible position and an excellent income usually is a member of a greater number of organizations than, for instance, the average high school graduate in a minor position.

Reported Missing; But Back On Duty

Bucks County Lieutenant Sur-
vives Battle Of Midway
Plane Disaster

(International News Service)
MONTGOMERYVILLE, Pa., July 16.—Lieut. Richard Gray of Montgomeryville, Bucks county, who was reported missing in the Navy's latest casualty list, has returned to active duty, his parents, Mr. and Mrs. L. Albert Gray, happily announced today.

The proud father and mother said they had received a letter from their son, telling them how he drifted for five days on the Pacific in a collapsible rubber boat following the battle of Midway.

The lieutenant, who was in charge of a flight of three planes, wrote his parents that he and two other planes were forced down by lack of gasoline. They were only able to float two of the collapsible boats, however, since the third pilot was seriously injured.

During the rescue of the injured man the second boat overturned, spilling out most of the food supply, but Lieutenant Gray and the second man recovered the craft, patched it and pumped it up again.

In the days which followed, Gray and the second man took turns watching over the wounded man. Sharks swam around their frail boats, built to hold one person, and the second soldier was bitten on the hand by a shark during one of the recurring fights. Both injured pilots were hospitalized.

Gray resumed his duties a few days after his rescue, but his name had already been placed on the missing list and it was too late to take it off, he wrote.

Plane Crash Kills RAF Ferry Pilots

(International News Service)
MONTREAL, Que., July 16.—Five members of the Royal Air Force ferry command were killed today when a Hudson aircraft crashed and burned shortly before noon near Montreal.

It was the second such crash in two days. There were no fatalities in yesterday's mishap.

Warns That U. S. Must Hold Steady

Head of State Defense Council Says Interlude Of Pessimism Exists

By RAYMOND WILCOVE

(U. S. Staff Correspondent)
HARRISBURG, July 16.—The United States is now experiencing an "awful interlude of discouragement and pessimism" during which the nation must "hold steady" if it is to win the war, Dr. Arthur C. Marts, executive director of the State Defense Council today warned a statewide gathering of civilian defense leaders.

"We are up against two powerful enemies who have spent 19 years in making all the preparations that we are now trying to make in a few months," Marts told the chairmen of nearly 1,000 local defense councils and other defense officials, who included Gov. Arthur H. James and U. S. Civilian Defense Director James M. Smith.

The defense meeting, which convened at the state capital to perfect plans for the day when enemy bombs may fall on Pennsylvania soil was to be addressed also by the governor and Landis following which a question and answer forum was to be held.

"We are at one of the supreme tests of this whole war," said Marts. "It is the test of our nerves and endurance under pressure to make up the time we have lost in the past several years. Let us hold steady in Pennsylvania. In this meeting today let us give each other new patience and new courage to work together during this present awful interlude of discouragement and pessimism. Let us remind all that we are fighting the Axis, not each other."

Marts revealed that instructions have been received from the U. S. office of civilian defense to extend the scope of the defense organization in Pennsylvania. Many new activities must be organized, said Marts, affecting auxiliary groups, service corps, utility repair squads, plans for the use of federal defense equipment, O. P. A. price lists, rationing, share-the-car clubs, evacuation, etc.

Four Teachers Named In City

Four teachers were elected Wednesday night by the New Castle school board three are permanent employees and one gets a temporary contract.

The temporary contract was given Miss Marjorie M. Lindsey as a teacher of elementary subjects. These given permanent contracts include Beatrice Elizabeth Connor, Marjorie Grace McGeorge and Clara Adeline Rech, all of New Castle.

One resignation was accepted that of Miss Elizabeth Mackey, who resigns to accept a post in a private school in the state of Indiana.

The board authorized the payment of bills amounting to \$7569.16 for materials purchased during the month.

Dr. David C. Young Leaves For Service

Dr. David C. Young, a local physician, of 1212 East Washington street, has been commissioned as first lieutenant in the U. S. Army Medical Corps, and has departed this morning for Atlanta, Ga., where he will report to the commanding officer of the 4th Corps Area, for active duty.

Lt. Young, the son of Robert C. Young, 916 Maryland avenue, this city is a graduate of Temple Medical school, Philadelphia, Pa.

In the near future, Mrs. David Young, who is at present residing here, will leave this city and join Lt. Young in Atlanta, where they will make their residence.

CASES FILED

Two cases have been filed in the office of Prothonotary and Clerk of Courts John A. Edgar.

The Quaker City Co-operative Creamery Company files a suit against Edward J. Baer trading as Baer Food Products Company for \$3,220.78 with interest from October 31, 1940. The plaintiff claims the defendant owes the amount set out for dairy products sold to him.

Lillian Russell files an amicable ejectment against John and Mary Duda.

ORDERS HANDLED DOWN

Judge John G. Lamoree handed down two opinions and orders on Wednesday morning.

In the case of Eleanor Jannuzzi Cioffi against Louis Cioffi the petition for annulment of a marriage is refused.

In the opinion the court reviews the facts of the case. On June 4, 1930 the plaintiff and Joe Jannuzzi, both minors, went to Cumberland, Md., to get married. They arrived too late to get the ceremony performed and then went through what the plaintiff described as a "common law" ceremony in which "each pledged their vows to the other. Later they repeated the pledges in Beaver Falls and lived together as man and wife."

Some time ago the plaintiff went back to care for her ailing mother, leaving Jannuzzi. On January 27, 1942 she married Louis Cioffi but says that the marriage was never consummated and that Cioffi is now in the army.

The court says that neither the plaintiff nor Jannuzzi could have completed a contract, being minors but that they did live together long enough to have had a legal marriage performed had they so desired. Inasmuch as they were never married, despite the fact they had sufficient time the court holds that the annulment is not to be granted and the petition is refused.

The final account of John S. Powers, executor in the estate of Mary E. Gilfillan was approved after exceptions had been heard.

Some Good News On Production

(International News Service)

MORE SCRAP—The Great Lakes tanker J. Oswald Boyd, twice sunk, has been raised and will be cut into 1,200 tons of steel scrap for the war effort.

MORE SHIPS—The PC-740, fifth patrol craft to be built at the Petersen Shipyards in Nyack, N. Y., and the 10,000-ton cargo-passenger ship Cape Michigan, built by Pusey & Jones in Wilmington, Del., have been launched.

MORE MONEY—Renegotiation of war contracts has resulted in a refund of \$905,783.760 to the government already and Senator O'Mahoney predicts the total may rise to a billion and a half.

MORE COTTON—Cotton consumption during June reached 966,940 bales of lint and 127,218 bales of linters compared to 957,015 and 132,390 during May.

MORE RUBBER—Donald Nelson, chairman of the War Production board, foresees production of 355,000 tons of synthetic rubber in 1943, double that in 1944.

Radio Men Battle "Canned Music" Ban

Warn Petrillo That There Will Be No Settlement On His Restriction

(International News Service) CHICAGO, July 16.—With 400 independent radio stations facing severe restrictions due to an edict banning "canned music" recordings over the air waves, a showdown fight was developing today between James C. Petrillo, president of the American Federation of Musicians, who issued the order, and station owners.

Petrillo's order is scheduled to become effective August 1, but the nation's 900 chain and independent stations were preparing to "battle it out," warning Petrillo in effect, that there will be no settlement.

The opening shot in the radio stations' counter-offensive to Petrillo was fired today at the annual conference of the National Association of Broadcasters when Neville Miller, president, said:

"There will be no settlement on Petrillo's order to shut down use of union musicians to make recordings. This will be a showdown fight, you can bank on that. Petrillo's argument that he wants to make jobs for musicians is based on a delusion. There is no unemployment problem today."

Miller said that Petrillo's order, if observed, would prove disastrous to some 400 small radio stations in the country as well as hit the big networks, which are constantly making "spot" electrical transcriptions for repeat broadcasts.

Illumination Regulations Are Presented

Illumination regulations for night time were announced today by Frank Sargent, chief of the city's air raid wardens, O.C.D. His statement follows:

For the period of the emergency, no store windows should be illuminated at night unless (1) there is on duty within the establishment a night watchman who will immediately turn off all lights when an alarm is sounded; (2) unless the store owner or operator installs an approved outside cut-off switch, placed in a conspicuous and accessible location and lighted if necessary. This applies also to lighted signs.

Each local council of defense shall require air raid and fire wardens to familiarize themselves with the location of a lighted commercial windows and the location and operation of the cut-off switch in their respective territories.

The local council of defense along with other local councils in this state recommend and approve the fuse type switch so that once the switch is pulled for an emergency, the fuse will have to be replaced before restoring lights. This is so that no unauthorized person can switch on lights during a black-out. Common snap switches will not be approved.

Flying Tigers Win Another At Y Camp

Baseball, Swimming And Eating Feature Busy Days At Camp Rentz

In an up and down battle, the Flying Tigers downed the Powerhouses, 11-10 in today's feature baseball game at Camp Fred L. Rentz. The Powerhouses started off with a bang by scoring eight runs in the first inning but the Flying Tigers tied the score in the second and proceeded to win on a timely single and some excellent relief hurling by Carm Lombardo.

Swimming followed the ball games. Then the campers had a dinner so good they are still talking about it. Mrs. Leis and Mrs. Patterson, camp cooks, were praised for their sauerkraut, wieners, mashed potatoes, and all-the-trimmings meal so much that they blushed.

Evening found the boys giving out with stunts. Gordon McCartney and his electric guitar selections won many encores and was judged the evening's best.

Mexican Soldier In Treason Trial

(International News Service) MEXICO CITY, July 16.—Sergeant Juan Gonzalez Martinez, Mexican army radio expert accused of aiding a German spy to transmit messages will be tried for treason by a military court on July 21, it was announced today. If convicted he will face a firing squad.

Kiwanians Romp At Scout Camp

Picnic Celebration Topped
By Dinner And Mush-
ball 'Massacre'

Fifty New Castle Kiwanians feasted and romped to their hearts' content last night at the scenic Lawrence county Boy Scout camp, along Slippery Rock creek.

Greetings to the visitors was officially extended by Charles W. Carbeau, of Ellwood City, president of the Lawrence County Boy Scout council.

Response for Kiwanis was made by Dr. G. S. Bennett, pastor of First Christian church and honorary Kiwanian.

The tasty chicken dinner (trimmings and all) prepared and served under the direction of Chief George W. Thompson, was the big hit of the evening, and it will be a long, long time before the civic club men quit talking about it. Boy Scouts did the serving and they executed their assignment like professionals.

Then the Bold Challenge. After a short program in the dining hall Kiwanis hastily organized a mushball team which challenged the championship Scout team—and lost, naturally, 21-14.

But the fun and fellowship put that ball game trouncing in the shade, as any Kiwanian will testify. Motion pictures on trout, provided by the Pennsylvania Game Commission, brought a fitting climax to the outing program.

While the Kiwanis host was dining in their mess hall, the 95 Scouts now in camp were having a jolly time of it on their own.

All of the 95 were broiling sirloin steaks and cooking up a full dinner on about 95 makeshift fireplaces scattered over the camp. Each lad also did a good job of baking biscuits.

The Kiwanians and Scouts joined together for the camp's traditional evening color ceremonies.

New Wilmington News

DR. R. M. RUSSELL JR. SPEAKS

Remarking that people in the West are more war-minded than easterners, Dr. Robert Russell Jr., superintendent of the Russell Ranch school at Tucson, Ariz., and the son of the former president of Westminster college, told the members of New Wilmington's Rotary club of the war and defense conditions on the West Coast at the present time.

Rotarian, Clem Musser, principal of Sharon High school, will talk on "Basic Training for Life in the Marines" at the next meeting of the club.

SCHOOL CALENDAR

New Wilmington's school board, at its July meeting held recently, announced the school calendar for the 1942-43 year.

The calendar calls for the starting of school on Monday, August 31, an earlier date than has been the custom for the past several years.

Following is the calendar: August 31, school opens at 9:00 a. m.; September 7, Labor Day vacation; October 30, vacation (Midwestern PSEA convention); November 11, Armistice Day vacation; November 26 and 27, Thanksgiving vacation; December 23 to January 4, 1943, Christmas vacation; April 23 and 24, Easter vacation.

RED CROSS COURSE

The third Red Cross first aid course to be held in New Wilmington in the past several months will begin Friday evening at 7:30 in the community house, according to Alex McCready, head instructor. Both advanced and beginners' training will be taught by Mr. McCready and assistants Walt Whitman, Walter Shaffer and H. N. Anderson. Mr. McCready announces that 45 people have signed up to take the course.

SCHOOL OF MISSIONS

One hundred Methodist girls from church in the surrounding districts will arrive on the campus of Westminster college this Sunday to attend the annual school of missions, which is set for July 19 to July 26. The school stresses the missionary side of the Christian religion. It has met here for the past several years. This year's theme is: "I Bind My Heart to the Galilean's Side." Mrs. K. C. Vollbrecht is dean.

Among the members of the faculty are two from New Wilmington—Rev. Macklyn E. Lindstrom and Mrs. Carl S. Hart.

NAMED INSTRUCTOR

Westminster college officials announced that William Hamilton of New Wilmington has been engaged as professor of speech and dramatics, to replace Dr. Glenn Taylor who was recently inducted into the armed service of our country.

The appointment of Hamilton, who will assist Dr. A. T. Cordray, head of the department, is "for the duration."

No Confiscation Of Private Autos Is Likely Soon

(International News Service)
CINCINNATI, O., July 16.—Private cars are in no immediate danger of requisitioning by the Federal government, Harry Sommers of Atlanta, Ga., president of the National Automobile Dealers' association, declared today.

Sommers, in Cincinnati for a three-day meeting to discuss automobile problems arising from the war, declared that the point might come when private cars will be needed.

"But," he added, "dealers stocks stand as quite a cushion. There are about 500,000 new cars and 1,200,000 used cars on hand. These naturally will be the first to be taken over."

Forgotten Articles May Be Had At 'Y'

Forgotten towels, bathrobes, shoes, sneakers and even a fishing pole—enough to fill a whole box—are now at the YMCA building. They have been gathered from Camp Fred L. Reitz where they were left behind by first week campers, it was announced by R. L. Meermans today.

Any camper who is short any clothing articles is asked to visit the YMCA to see if his stuff is in the collection. Immediate response will be appreciated, it was said.

CURTAIN GIFT PACKAGES TO BRITISH ISLES

Action May Be Forerunner Of
Possible Opening Of
"Second Front"

By KINGSBURY SMITH

WASHINGTON, July 16.—Preparations for the possible opening of a second front in Europe today was believed to be responsible for the British government's decision to curtail the flow of American gift packages to the British Isles.

Prime Minister Winston Churchill has notified President Roosevelt that he is reluctantly compelled to request curtailment of the flow of relief gifts from this country to Great Britain because "goods of a more warlike character" must be assigned to the shipping space hitherto available for relief purposes.

The official announcement of this move coincides with intensified pressure from Soviet Russia for an Anglo-American invasion attempt of the European continent and a growing clamor in the British press for the launching of such an offensive.

While the British government is still believed to be reluctant to risk the venture this summer unless it becomes absolutely essential to relieve pressure on the Russian front, never-theless the preparations for it are going forward.

Every available inch of space aboard the ships carrying American aid to the British Isles is now required for the vast quantity of supplies that must be stored up in England if any attempt is made to establish a second front in Europe.

should take local men if they are qualified for the positions. However, we want the best we can get and I cannot see any person in the New Castle system equal to Nord."

Make Nominations
Nominations were then asked for and the following names were put up. W. Fulton Jackson nominated Gerald Nord of Bessemer, A. C. Hyde nominated Joseph A. Hartman of Franklin, Leslie Brindle nominated Norman P. Nelson and Griff Thomas nominated L. C. Black, the last two being New Castle school men.

In order to get an election it was necessary to have a majority of all the members of the board, which meant five votes. There were seven members present, at the opening, Major Arthur B. Foster being absent in military service and Dr. W. L. McClelland arriving later in the evening. Upon the first ballot Nord received four ballots, Nelson, Hartman and Black one. The same score was made on the second ballot and it seemed that a deadlock existed. Robert A. Preston then moved the board go on to the election of elementary principals.

Upon the first ballot four were nominated. Woolcock nominated Glenn McCracken, Brindle nominated Alvin H. Brown, Preston nominated Mart I. Fowler, formerly with the Morgantown reformatory as an educator, and Hyde nominated W. A. Margraf. No election resulted, McCracken getting three votes, Brown two and Margraf and Fowler one each.

A discussion then arose as to whether a nomination carried over

from one ballot to another and it was ruled that it did not. Upon the second ballot Hyde nominated Joseph A. Hartman of Franklin and received four votes. Brindle, Woolcock and Thomas voted No. Hyde raised the question whether or not directors did not have to vote and he was reminded that the three directors had voted in the negative upon his motion.

Third Ballot

Upon the third ballot, Shira nominated Mart I. Fowler, Hyde nominated Joseph A. Hartman, Thomas nominated Alvin H. Brown and Woolcock nominated McCracken. Fowler, McCracken and Brown got two votes each and Hartman one.

Hyde then moved to postpone the election of principals until the August meeting and at this point Dr. Clelland came in. The motion to postpone was lost.

Woolcock moved the consideration of the superintendent's recommendation for principal of the Franklin junior high school, Gerald Nord. Shira nominated Gerald Nord, Hyde nominated William A. Margraf, and Thomas nominated L. C. Black. Nord received five votes upon this ballot and was declared elected.

The members then returned to consideration of elementary principal candidates. Upon the fifth, sixth, seventh and eighth ballots no election was had. Upon the eighth ballot Alvin H. Brown received four votes, Hartman two and McCracken two.

Take Recess

By this time the board was about ready to call the whole thing off and a recess was taken. Hyde then moved that each member vote for three and the three getting five votes be declared elected. This was ruled out and Shira moved that the recommendations of the superintendent be considered as a bloc.

Hyde then asked if he couldn't nominate somebody else and was informed by Solicitor Charles H. Young that he could move to substitute a name for one of three recommended by the superintendent.

W. Fulton Jackson then moved that the name of Joseph A. Hartman be substituted for that of Fred McClure who was recommended by the superintendent. The motion carried. Brindle then moved the substitution of the name of Alvin H. Brown for that of John N. Cornelius. The vote was four to one and thus lost.

Finally Make Selections
Brindle then moved the substitution of Alvin H. Brown's name for that of Glenn McCracken and amplified his nomination by saying: "Here is a man who has been educated for elementary principalship. He has had experience in our schools and has made good as the assistant at Rose avenue. School men for whom he has worked commend his ability and the people of the Rose avenue district respect him for the work he has done. I believe we should give him one of the positions."

The board then voted on the names of Joseph A. Hartman, John N. Cornelius and Glenn McCracken for elementary principalships and the vote stood seven to one. Brindle casting the negative vote.

LEGION TEAM TO PLAY EAGLES TONIGHT

New Castle's American Legion Junior team, representing the junior league, will play an exhibition game with the strong New Castle Eagles, on the Cedar street grounds this evening at 6:30 o'clock. It was announced by Earl Moffatt, chairman of the Legion baseball committee.

Seek To Secure 20,000 Doctors For Expanding Army

WASHINGTON, July 16.—In an effort to obtain 20,000 additional doctors for the nation's expanding army by the end of this year, the war department today increased the number of medical officers recruiting boards in five states.

Two additional boards each have been authorized in New York, Pennsylvania and California, and one each in Massachusetts, Ohio and Illinois. One board is functioning in each of the other states.

Officials said that commanders of the army corps areas affected will select personnel of the new boards and provide headquarters.

GERMAN DRIVE INTO RUSSIA IS HALTED, SAY REDS

(Continued From Page One)

ians apparently permitted the Germans to expend themselves in rapid advances, leaving weak spots in the rear which were open to attack by dive-bombers and individual mechanized units until the psychological and material moment for counter-offensive presented itself.

Red Star is the official newspaper of the Russian armies, edited under supervision of the people's commissariat for war and has invariably presented an unbiased, truthful picture of the military situation, good or bad.

In normal times, it is read only by the 12,000,000 soldiers of the Russian army, but since the Nazi invasion of Russia 13 months ago has been seized upon by foreign residents of the Soviet Union and diplomatic observers as perhaps the most reliable source of information on the progress of the war.

Thus it was with great jubilation that Red Star's issue of today confirming that Hitler's great summer "blitz" had at least been stemmed was snatched up from street corner kiosks and grasped from the hands of wildly-yelling newsmen.

Enemy Pushed Back

Red Star said: "In some places the enemy has been pushed back to river crossings and in some places forced on the defensive."

"North of Voronezh, Soviet counter-attacks resulted in weakening of pressure by the Germans, who have been forced into the defensive."

"Their attempts to by-pass Voronezh town and to cross the Coronezh river have failed."

At the same time, there was great joy over announcement by the Moscow radio that Soviet dive-bombers swinging into action over the Baltic had surprised a convoy of small Axis ships rushing supplies to the battlefronts and sank ten of them. A number of others were damaged.

(Editor's Note: The Exchange Telegraph company in London quoted the Moscow radio as stating that Soviet planes had sunk a German transport and blown up several ammunition dumps in an unnamed Axis harbor.)

Smashing Counter-Attacks
Smashing counter-attacks against German drives in both the eastern Ukraine and on the central front west of Moscow by Russian troops, are inflicting heavy losses on the Nazis and many German prisoners are being taken, the Soviet high command declared today.

THE SALVATION ARMY

CANNING DEMONSTRATION

At 7:30 this evening on the third floor in the lecture room of the Salvation Army, 120 North Jefferson street, the Home League will see a demonstration in the best methods for canning.

Mrs. J. C. Ward, instructor for Red Cross nutrition courses, will demonstrate and Miss Ann Quinn of the Lawrence County Agricultural Extension, will lecture, giving particular emphasis to sugarless canning and the use of less sugar in every day cooking.

While this demonstration is particularly for the benefit of the Home League, any other interested lady is invited to attend.

But what will it profit us to be ready in 1943 if the enemy finishes the war in 1942?

YANK STARS—Joe DiMaggio, left, and Ernie Bonham, ace pitcher, are stars of Yanks.

Bums Nab Dust-Off Tussle From Cubs

Rivals Engage In Fiery Contest Wednesday; Durocher Nearly Clipped

YANKEES BLANK INDIANS AGAIN

(International News Service) NEW YORK, July 16—Riot squads were expected to be in hand today at Wrigley Field in Chicago when the Brooklyn Dodgers and the Cubs resume their acrimonious battling. The Dodgers won yesterday, 10 to 5, but not until after numerous Brooklyn batters and Manager Leo Durocher had been dusted off by irate Chicago pitchers.

The trouble started in the fourth inning after Lou Ruffolo and Jimmy Fox, who had ruffled Kirby Higbe's dignity, by slugging successive home runs. Durocher rushed to the box for consultation with his warring hurler.

What words transpired between manager and pitcher must remain a Dodger family secret. But at any rate the next pitch by Higbe sent Billy Nicholson jack-knifing into the dust.

Jimmy Wilson, Cub manager, turned to his dugout immediately and ordered Paul Erickson down to the bullpen for warm-up duty. Erickson is a fire-baller with a smoldering hatred in his heart for the Dodgers. He raced happily to the bull pen.

Duster Misses "Tip"

Meanwhile, Hiram Bithorn was doing mound duty for the Cubs and he kept Dodger batters biting the dust. When he was relieved by Erickson in the fifth, Bithorn fired a luster at Durocher in the Dodger dugout. Owen deflected the screaming missile in time to save his boss from skull injury.

Erickson continued the dusting-off flings once he got on the mound. What will happen today when the clubs clash in a scheduled doubleheader may come under the same flings as baseball reports.

In less than 24 hours the National League, St. Louis whipped Philadelphia, 7 to 3 and 9 to 4, to pick up half a game on the Dodgers. The Cardinals now trail by 7½ games.

Pittsburgh beat New York, 6 to 2. Cincinnati rapped Boston, 6 to 2. In the American League, the New York Yankees, behind four-hit pitching by Alton Donald, defeated the Cleveland Indians, 4 to 0. The victory was the second successive shutout for the league leaders.

Boston dropped half a game—the Red Sox now trail by 6½ games—to the Yankees when they split with Chicago. The Red Sox won the opener, 10 to 1, but the White Sox earned an 11 to 6 victory in the nightcap.

The St. Louis Browns defeated Connie Mack's Athletics 7 to 4 before a crowd of more than 10,000 in a night game at Shibe Park, Philadelphia, which was the last game of the season.

Chet Laabs, Brownie Sluggers, hit a jackpot in the second when he drove one into the stands with the bases loaded.

Eleventh For Auker

Elden Auker, pitcher for the Browns, was credited with the game while his loss was chalked up against Dick Fowler who was relieved in the fourth by Tex Shirley.

The Detroit-Washington game went to 11 innings before the Senators took it away with a score of 4 to 3.

Early Flynn, Washington hurler, gave the Tigers 15 hits but managed time and again to pitch his way out of tight spots. He weakened in the ninth, however, when he permitted the tying run to come in.

Detroit's half of the 11th saw Roger Cramer triple with two out.

Wynn then walked Rudy York who started to steal second with Wynn holding the ball. Cramer started for home but was beaten by the ball for the final out.

With one out, the winning run was scored on a walk to Jake Early followed by singles by Sullivan and Pofahl.

Cowden-Lauro In One-Hit Duel

Wampum and Deweys Add City-County League Victories Wednesday Night

Wampum and the Deweys lassoed City-County Independent Baseball league victories on Wednesday night.

Faced by Archie Frank's three hits, Wampum vanquished the Rockets, 8-5. Peluso clouted a homer for the losers. Hairhoger was the winning twirler; Buckingham the loser.

In one of the tightest mound duels of the season, E. Cowden outpitched Lindy Lauro as the Dewey A. C. registered a 1-0 win over the St. Margaret's nine on Croton field.

The rival twirlers yielded a hit apiece. Schilla and Nocera had the only base hits.

Whirly Smashes Biscuit's Record

Wins Massachusetts Handicap To Shatter \$437,730 Money Winning Mark

TOTAL EARNINGS NOW ARE \$454,336

(International News Service) BOSTON, July 16—The richest thoroughbred in the world today is Whirlaway. The richest and the best.

The bushy-tailed chestnut streak turned on the heat yesterday in the \$50,000 Massachusetts handicap and beat six opponents to win \$43,850. This sum when added to the purse he has picked up in his three and a half years brought to \$454,336 the amount the Calumet Comet has returned to his owner, Warren Wright. He thus supplants Seabiscuit as the top money winner in racing history. The Biscuit earned \$437,730.

Whirlaway was given a great ride by Jockey George Woolf. He ran easily in sixth or seventh position until he reached the far turn. Then, with the field fairly bunched, he swung to the outside and moved up with tremendous speed, nosing into first place on the stretch and going on to win by two lengths in 7:48.1, a new track record.

Giving the champion the best competition was Rounders, ridden by Bierman. Attention, with Jockey Meade in the saddle, ran third.

The crowd of 33,000 installed the Calumet star as even money favorite and proceeded to dump \$163,299 into the mutuel machines. This was a new high for a single race at Suffolk, the old mark being \$151,243. For the day, fans bet \$968,796 for the second largest handle in Suffolk history.

Apache, carrying only 107 pounds as against Whirlay's top impost of 130 pounds, held the lead only briefly and finished a poor fourth. Blueberry Pie wound up in fifth position. Swing and Sway pulled up with Transfigure, last. Hysterical was a late scratch.

Mutuel payoff was Whirlaway, \$4.00, \$3.00, \$2.20; Rounders, \$6.60 and \$3.80; Attention, \$3.40.

A Valinda Farms horse, picked up \$10,000 for place money; Attention, owned by Mrs. Parker Corning, received \$5,000 for show.

BOBBY FALKENBURG CONTINUES V-MARCH

(International News Service) NEW YORK, July 16—Bobby Falkenburg, of Hollywood, Cal., the national Boys and Intercollegiate tennis champion, today was favored to win the Eastern Junior title in a final round battle with Charles Oliver, of Perth Amboy, N.J.

Falkenburg continued his march toward the crown yesterday by beating Jackie Geller, of New Rochelle, N.Y., 10-8, 6-2, while Oliver was downing Ted Bache, of New York, 6-2, 6-3.

"MATES" AGAIN
MILWAUKEE, Wis.—Jimmy Richardson and Bob McCahill, exceptionally talented forward-passing senior left halfback on the Marquette university football team last fall, have again signed up on the same "team." They have re-flicked their training class at Quantico, Va. Richardson last year completed 63 per cent of his forward pass attempts, a collegiate record, while McCahill made good on 53 per cent of his attempts.

SPORTS WORLD RAMBLINGS

Short stuff gathered at random:

In top physical form and evenly tamed by the hot New Jersey sun, Lester "Bus" Reiber is back home on furlough. The blond athletic wiz, who won basketball chevrons at New Castle High and Duquesne university, is a member of the United States Coast Guard. He returns to his post, Wildwood, on July 21.

Wonder if Teddy Williams had to pay that \$250 fine he drew a couple of weeks ago. . . . Reported to have slowed up to the walk of a turtle, Jimmy Fox went out and stole himself a base the other day. . . . "Bill" Dickey, one of the main reasons the Yankees have been nose diving, will be out for about 10 days.

The White Sox lead the majors in stolen bases but hold down last place in number of homers. The Dykemen have rapped out only 13 homers. Even the Phillies top 'em with 26. . . . Lou Boudreau, handsome Cleveland manager, will be 25 on Friday.

Charley Hyatt, basketball's "Hank" Luisetti more than a decade ago, is soldiering at Fort Sill, Oklahoma. . . . Joey Kuhel is having one of his worst seasons, hitting a paltry 226 for the White Sox. . . . The American Association all-star game will be played in Kansas City on July 23.

"Muscles" Scarazzo, former star lineman at New Castle High, only two seasons back is policing in a valley plant. . . . Paul Reider, who rode the starry grid skies at New Castle and at Pitt university, is working for a railroad firm.

How those Cincy pitchers control themselves is startling to me. Those flingers, about as good as they come, throw their hearts out.

Ask Knox To Send Jack Here

Request Dempsey's Presence At Fights Here Tuesday Night

ZIVIC, CHIP, YAROSZ, KILBANE SAY "O. K."

Ed Fritz today stated he had requested Secretary of the Navy Frank Knox to assign Jack Dempsey, now a Coast Guard lieutenant, to the touts and bomb spectacle at Taggart field Tuesday night.

The request was made by telephone last night and the secretary will get the message today.

"I don't know if the request will prove favorable or unfavorable action," said Fritz, "but I believe it will be contrary to regulations to assign Dempsey here for a civilian cause."

"I know that if he were sent here, Taggart field would budge. In fact it is sure to hold thousands Tuesday night."

"I have received assurance that four ex-champions will be present. They are Senator Johnny Kilbane, Fritz, Zivic, Teddy Yarosz and George Chip. Each has promised to share in referee roles, if desired."

"In addition, U. S. Marine Sgt. Johnny Dean, Tom McMahon, Jimmie Dunn and Mickie Perkins also are ready to help."

Fair or Foul

By LAWTON CARVER
INS Sports Editor

NEW YORK, July 16.—There are many ways to win a ball game and an equal number of ways to lose, but you can't think of a much stranger finish than one in which the Philadelphia Phillies of all people beat the Cincinnati Reds on a pitcher's fly ball that should have been the third out, but instead went for a two-run homer.

To make it worse, the Reds lost the game despite a three-hitter by the amazing and venerable Ray Starr.

If the Reds kept that up they positively will not win the National League pennant. The defeat, which was perpetrated by the Phillies, knocked the Reds 13½ games off the Brooklyn Dodgers' pace and must have left Manager Bill McKechnie and the aforementioned venerable Ray Starr fit to be tied up.

This was a feat worthy of the prankish Brooklyn Dodgers of old at their best—or worst. The revered Mr. Babe Herman never in his life collaborated on a play much better than that one at Cincinnati.

The Reds were in front by 1 to 0 in the fifth and two were down and Starr at all intents and purposes was knitting himself a neat shutout, when Pitcher Rube Melton of the Phillies came to bat with Catcher

Elders-Moose Set For Tussle

Rivals Meet Tonight At 6 O'Clock On Marshall Field In Second Play-Off Game

Confident of getting back into the running, the Elder A. C. anxiously awaits the invasion of the Moose club, tonight at 6 o'clock on Marshall field, Scott street, in the second battle of the City Baseball league first half championship play-off series.

The Elders dropped their Wednesday clash to the Bessemer team. Playing sizzling ball, the Moose repudiated the Elder's confidence of emerging triumphant.

The losing team faces Bessemer on Friday night at 6 o'clock on Bessemer field. To be eliminated a team must be defeated twice by the same team.

Bessemer Wins Over Elder A. C.

"Cementers" Grab Play-Off Series Opener, 6-5, Despite Nine Errors

ELDER'S MOOSE BATTLE TONIGHT

Despite nine errors, Bessemer nudged the Elder A. C. 6-5 Wednesday night on Marshall field in the opening of the City Baseball league first half championship play-off series.

With close to 2,000 fans present, the Elders dug their spikes into the plate for a run in the first. The margin lasted only a few minutes as the "Cementers" circled the bases for four runs in the second. The host club pushed across two more tallies in the third but Bessemer pulled up two more runs in the fifth.

Tropes and Stanley each poked out a singles for the winners.

Bessemer rests tonight while the Elders and Moose battle on Marshall field starting at 6 o'clock. The losing aggregation will tangle with the "Cementers" on Friday night at 6 o'clock at Bessemer.

Tex Richards and Clem General have been selected as officials for tonight's second clash.

Auxiliary Firemen Play 14-14 Deadlock

A hotly contested softball battle which ended in a 14-14 deadlock high-lighted last night's meeting of the Auxiliary Firemen of the second ward held along the Neshannock Creek.

John Haven and "Bill" Hodgekett filled the respective knolls and turned in commendable performances.

During the business session, Merle Brunton was elected as special representative of the four groups. It was announced that tickets for Tuesday's fight can be obtained at the Park avenue fire station.

The affair was in the form of a Wiener roast.

James Boughter is president.

Sammy Handel, 15, Wins Fourth Title

(International News Service) PHILADELPHIA, July 15.—Fifteen-year-old Sam Handel today was the proud possessor of four titles—all won this season—after he successfully defended his Pennsylvania State Boys' crown against the highly touted 13-year-old MacDonald Mathey, from Princeton, N. J., at the Cynwyd club.

The fight took the match 7-5, 6-3. His laurels include the Middle States Intercollegiate, Philadelphia and district, and Philadelphia Public Park Boys'.

Times Have Changed, DiMaggio Hears Boos

Joe Says He's Hitting Right Into Fielders' Hands; Not Worried

CLAIMS SOMETHING WRONG WITH BALLS

By JACK MAHON (International News Service) NEW YORK, July 16.—Do you recall the dear old days when little Herman used to roll your old tire down the street; when gas pumps clinked merrily all day long, a girdle was something of a necessity, here and there, but not a museum piece—and the war cry "break up the Yankees" rang throughout the baseball world?

Well, fellow citizens, we are sorry to report, like the map of the world, times have changed. Today the same citizens whose plaintive wail was heard on all sides a few short years ago not only cry "what's wrong with the Yankees?" but are booing Joe DiMaggio, a young man of whom you might have read just last season when he established a new major league record by hitting safely in 96 straight games.

We dropped by the Yankee Stadium to check up on this phenomena. Everything looked the same. Charlie Ruffing sat in one corner of the dressing room fiddling with his spiked shoes. Joe Gordon, the perspiration pouring from his brow, soaked his head under a faucet and DiMaggio strolled around the room, twirling a cigarette.

OCD Equipment Committee To Convene Tonight

Glove And Bomb Spectacles May Attract 10,000, Tuesday Night

COMPLETE ALL PLANS AT TONIGHT'S SESSION

Tonight in the American Legion home, representatives of ex-service men, firemen, paid and volunteer and various OCD groups will meet and report concerning the fistic and bomb spectacle at Taggart stadium, Tuesday night, for the benefit of emergency equipment. William J. Connery is general chairman. City OCD Director D. O. Davies and Mayor Charles B. Mayne are honorary chairmen.

During the past several days squads of firemen, ex-servicemen and air raid wardens have been working strenuously to make the fistic extravaganza and bomb-lighting demonstration a success.

Fire Chief James E. Thomas as fire warden for Lawrence and nearby counties reports the field is ready. W. G. Fleming has arranged to have the ring pitched and Clarence Jarett reports a heavy demand for reservations.

Frank Sargent, chief air raid warden, has advised all his squads to assist in making the move a success and Police Chief W. G. McMullen last night requested auxiliary police to keep their shoulders to the wheel.

Meanwhile Tom Leach and Ed Fritz who will be in charge of the actual fistic report the calendar has been made up and some excellent amateur bouts await fans.

Merle Brunton and City Fireman William Bowen and their aides are ready to show everybody how it is possible to extinguish bombs which may drop here before the war is over.

Ask Women's Attendance
According to General Chairman William J. Connery women who have bridge, 500 and euchre parties have been asked by A. Lew Conn, executive chairman, to help the show along by attending the proclivities, Tuesday night.

Fire Chief J. E. Thomas, County Commissioner Joe Travers and others have placed reservations for sale at all of the industries, clubs and the Leslie hotel is also handling tickets which may be secured there.

There will be special squads to handle the crowd which may reach 10,000, thus meeting the record set by Youngstown at a recent bomb demonstration.

High school boys who usher at football games will be on the job. Scoots Nelson will have charge of the crowd entering the stadium.

The people who purchase reserve section seats will be directly in front of the ring which will be pitched inside the fence on the field proper. The 50 cent sections will be to right and left of the reserve section.

Today Louis E. Round, vice president of the Pennsylvania Power Company, at the request of D. O. Davis instructed the company's illumination expert, R. L. James, to assist Rex Hughes, city electrician, in flooding the boxing ring.

To Bomb Structure
Emanuel Shenkan of Hancey's has informed the committee that the Hancey public address system is available and Ray Wallace, Bart Richards and Ross Rosenberger are ready to speak over the air concerning the spectacles.

The bomb experts, Brunton and Bowen, are erecting a building. It is to be bombed. No doubt this will be as weird a display as ever was given here.

Fire Chief Thomas and firemen, air raid wardens, an ambulance and first aid workers, plus auxiliary police will help to make the demonstration realistic.

George Chip, former middleweight champion of the world, and Tom McMahon, former heavyweight title contender, will be two of the several referees. Thomas Jones, lieutenant of police, and Phil Greer will judge the boxing bouts.

Attorney Walter Kieler will announce the names of the committee to be in charge of the war bond presentation tonight. This feature is being looked forward to by many people.

SURE SHOT
(International News Service)
CHICAGO—A cinch for the Century that's Claude Pussau's prospects as June finds him more than half-way along the road to the 15 wins which will round out his first 100 as a National League ace.

WHIRLAWAY TO GO AGAIN
Whirlaway will race in Wednesday's \$50,000-added Massachusetts handicap. "Apache" may give "Whirlly" trouble.

Bond, Stamp Sales Climb, Post Office Report Shows

A total of 4,956 War bonds worth \$197,412.50 were sold at the bond-stamp window in the post office between February 1 and June 30. In the January 1-to-June 30 period \$97,450 worth of War stamps were sold.

Postmaster William R. Hanna released these totals today as New Castle stores made ready to focus special attention on the sale of bonds and stamps on Friday.

He said a postal clerk will be assigned to the post office sub-station in The New Castle store to handle the bond sales. The store itself handles the regular sale of War stamps.

The postmaster said the seven rural letter carriers out of New Castle post office are carrying War stamps for sale to school children along their routes. City postmen do not carry the stamps.

In the winter time the pupils buy their stamps through the schools.

A month-by-month record of the sale of the bonds shows a steady increase from February 1. January was purposely omitted from the official figures because it was an extraordinarily heavy month as far as sales go.

By months, the bond sale was: February—762 bonds worth \$32,231.25.

March—853, worth \$34,837.50.

April—989, worth \$40,462.50.

May—1,132, worth \$42,450.

June—1,220, worth \$47,531.25.

In the first quarters (January through March) a total of \$50,545 worth of stamps were sold. The second quarter sales were \$46,905.

Midget Racer Is Built By Local Man For Own Use

Joe Yachabach of 8 Cameron Way has built a midget racer which is a masterpiece of workmanship. The racer is of original design, many of the parts being machined in his own shop.

The racer is seven feet long, has three wheels, power being supplied by the rear wheel. It is operated by a one cylinder gasoline engine which can attain the speed of 20 to 25 miles per hour, a remarkable speed for a car that size. Mr. Yachabach will not have trouble with gas rationing since he can get more than 80 miles to the gallon.

The racer is not only attractively built but is practical as well. Mr. Yachabach commutes from his home to his downtown shop daily. The racer is equipped with a two-speed gear shift, high and low gears, and hills such as Jefferson street and Croton avenue give it little trouble.

It is equipped with a set of mechanical foot brakes and the rear is built with an outrigger supplied with two wheels in case the car would tend to tip on a sharp turn. The racer has been handsomely painted a bright fire engine red. Since this is a motor vehicle, Mr. Yachabach must buy a license plate each year. His car falls under the classification of a motor bike.

BOY HAS HAND CUT ON BOTTLE

Dick Smith, aged 12 years, of R. F. D. No. 6, employed with Smith's Dairy, suffered a severe laceration of the right hand this morning when he slipped on wet grass while delivering milk, falling on a milk bottle which broke and cut his hand. He was treated at the Jameson Memorial hospital at 6 o'clock this morning.

The public feels the same hurt, whether public money is stolen by a rogue or wasted by an honest man.

School Boys Make Excellent Farmers

Five Youths Trying Out As
Farm Labor, Prove Equal
Of Experienced Men

(International News Service)
PITTSBURGH, July 16. — The advisability of using high school students and graduates to meet the growing farm-labor shortage has been debated throughout the nation.

But in nearby Penn township, five boys, Ray Arndt, 15; Joe Hershey, 16; Jack Davies, 15; George Shiner, 16, and Bill Dible, 17, are settling the question the fool-proof way—by working on a farm.

With young Dible, who intends to enter the Pennsylvania State College School of Agronomy this fall, as unofficial leader, the boys, all of whom have had a little farm experience, have proved themselves the equal of any crew that has worked the farm.

Working from 8 to 5 they perform all the tasks necessary for successful harvesting, and collect a daily pay of \$1.75.

At first the boys thought they'd combine work with camping. They pitched a big tent in a little wooded patch, rigged up a stove and were prepared for a summer-long sojourn. Before very long, the idea was abandoned—cost of living was too high, and they didn't like their own cooking.

Now they eat at home and bring a lunch with them to the fields.

They like their jobs, boss, and pay. Most of all, they like proving that "it can be done."

Togo Warns People Of Coming Allied Attack On Japan

(International News Service)

LONDON, July 16.—The Japanese people were warned by Foreign Minister Shigenori Togo last night that they face an early attack by the United Nations, according to a broadcast picked up by Reuters.

"It is discernible that the Allies are planning a counter-offensive against Japan," he said.

Togo accused the United Nations of a propaganda campaign aimed at alienation of Japan and the Soviet Union.

This war will at least show whether election to office automatically transforms a layman into a professional strategist.

The Golden Text

The sacrifice of Cain and Abel

"By faith Abel offered unto God a more excellent sacrifice than Cain, through which he had witness borne to him that he was righteous."—Hebrews 11:4.

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic for July 19 is Genesis 4, the Golden Text being Hebrews 11:4. "By faith Abel offered unto God a more excellent sacrifice than Cain, through which he had witness borne to him that he was righteous.")

Adam and Eve, banished from the Garden of Eden, had a son whom they called Cain. The name means acquisition or possession. Can you imagine Eve's joy when she saw her firstborn, even though he was born in agony?

Another son was born to them, whom they called Abel. Abel means vanity, which is an odd name for a child. When these children grew up Cain was a tiller of the soil, but Abel chose to be a shepherd, tending his sheep on the hillsides around his home.

When harvest time came around, Cain, the elder, brought an offering of his products to the altar of the Lord. Abel did likewise sacrificing the "firstling of his flock and of the fat thereof."

For some reason Cain's offering was not acceptable to the Lord. Possibly the offering was acceptable but Cain's sacrificial attitude was wrong. At any rate, the author of Exodus says, "unto Cain and to his offering He (the Lord) had not respect." Abel's offering was received with favor, however, and that made Cain very angry.

Lord Sees Cain's Anger
The Lord saw at once that Cain was furious, and said to him, "Why art thou wrath? and why is thy countenance fallen? If thou doest well, shalt thou not be accepted? and if thou doest not well, sin lieth at the door. And unto thee shall be his desire, and thou shalt rule over him."

Meaning that if he allowed his passion to get the best of him he would sin, but that he should seek to rule his anger and so overcome the sin.

Cain talked to Abel when they were in the field and he did not rule his anger and he killed Abel. "And the Lord said unto Cain, Where is Abel, thy brother? And he said, I know not: Am I not brother's keeper?"

Personal To Certain Fat Women

You adult fat people may often slim down without starvation diets and backbreaking exercises when your excess fat is due to thyroid deficiency and you have nothing else the matter with you. Just eat sensibly and take Marmola tablets only according to the recommendations and instructions with the package.

Marmola is not a cure-all. If in doubt at any time about advisability of treatment and for further information as to the properties and effects of the Marmola ingredients, consult a physician.

If you need Marmola, why not lose those ugly uncomfortable pounds the Marmola way. Don't delay. Drugists have sold more than twenty million packages during the past thirty years.

**Total War Demands
National Fitness**
(International News Service)
STATE COLLEGE, July 16.—In total war health must be the prime consideration not only for our armed forces but for the whole nation. Dr. J. P. Ritenour, director of the college health service at the Pennsylvania State College, contends.

"The effectiveness of our manpower depends more upon physical and mental fitness than upon mere numbers," Dr. Ritenour said. "Morale is weakened more quickly if health is weakened. In wartime especially, when germs and those susceptible to them are brought together, it is vitally important that we use every means in our power to build up resistance to disease."

Two Men Injured In Pennsy Wreck

(International News Service)
JOHNSONBURG, Pa., July 16.—Two men were injured slightly today when two Pennsylvania Railroad freight trains collided head-on near Johnsonburg, 16 miles east of

Kane, blocking traffic over the Reno division.

The injured men were Brakeman Robert Burns, 23, of Erie, who received minor cuts and two fractured ribs, and Conductor W. A. Whitford, 62, of St. Marys, who suffered head injuries.

Officials of the railroad said that damage was slight but that an investigation would be made.

BUILDS WOODEN SHIPS
(International News Service)
BATH, Me. — The Navy's last

wooden ship constructor, Lieut. John A. Lord, who retired 10 years ago, is back in service, and, at the age of 70, is supervising construction of ships at the Bath Iron Works. Lieutenant Lord's greatest assignment in wooden ship construction was in 1931 when he supervised the \$800,000 job of refitting the USS Constitution.
